Natural Magic Doreen Valiente, 2018-01-31 Magic is all around us in stones, flowers, stars, the dawn, wind, and the sunset, cloud. All we need is the ability to see it, understand it, and apply it. *Natural Magic* explains how to practise the age-old white magic that village-wise women have used for centuries. It deals with the magic of herbs and flowers, the four elements, numbers, and colours, amulets, and talismans, how to read cards, how to interpret dreams, and much more. There are chapters on the secrets of sex magic and on the use of traditional spells. If you want to learn to charm warts, to cast a love spell, or to plant a magical garden, this book will tell you how. An essentially practical treatise which sets out to show how magic can be for everyone and how indeed it has always been inherent in human life and nature. Both those who are new to the practice of magic and those with experience will find it delightful reading and an informative handbook for use in daily life.
