**Two Sisters in the Spirit** Hans Urs Von Balthasar, 2012-11-07 Balthasar's unique volume on Thérèse of Lisieux and Elizabeth of the Trinity presents a theological biography of each of these holy Carmelite sisters which gives profound insights into their spirituality showing that their differences actually complement one another Balthasar probes the depths of the contemplative mission of each of these young Carmelites who both died in their twenties and gave powerful witness to the critical importance of contemplation as a means to holiness Each woman is clearly shown as a daughter of her Carmelite heritage with her own emphasis Thérèse's discovery of the little way of love and Elizabeth's focus on the indwelling of God in the soul **Sister Augustine, superior of the Sisters of charity at the St. Johannis hospital at Bonn, tr. from**

**[Erinnerungen an Amalie von Lasaulx]**. Amalie von Lasaulx, 1880 **Patients and Agents** Alyson Callan, 2012 Sylhet the area of Bangladesh most closely associated with overseas migration has seen an increase in remittances sent home from abroad introducing new inequalities Social change has also been mediated by the global forces of Western biomedicine and orthodox Islam This book examines the effects of these modernizing trends on mental health and on local traditional healing as the new inequalities have exacerbated existing social tensions and led to increased vulnerability to mental illness It is the young women of Sylhet who are most affected The global economy has increased competition for resources and led to marriage being seen as a route to economic advancement Parents prefer to give their daughters in marriage to families that will widen their social contacts and enhance their economic and social standing Accordingly the young wife's outsider status and hence vulnerability to mental illness has increased as it is no longer customary to give daughters in marriage to local kin Yet patients and their families do not work out tensions passively They are active agents in the construction of their own diagnosis The extent to which patients act or are acted upon is an investigation that runs throughout the book **Lesbian**

**Rites** Ramona Faith Oswald, 2014-06-03 Explore affirmation and coping rituals for lesbian singles couples and communities This pioneering book is a multidisciplinary compilation of scholarship addressing lesbians the rituals in their lives and the meaning and impact of those rituals for the women involved and the people and communities around them It offers a diverse range of perspectives on what it means to be a lesbian what ritual is what it means to enact a ritual and how we can understand lesbian ritual experiences **Lesbian Rites Symbolic Acts and the Power of Community** presents five explorations of ritual that bring forth themes of lesbian centered social change In *Death's Midwife* Sharon Jaffe creates a narrative that illustrates the power of ritual to reconcile straight and gay Christian and Pagan in end of life situations Next Ruth Barrett's exploration of Dianic traditions provides a brief history of the importance of Goddess worship to radical lesbian feminists and uses those traditions to create life course rituals Marla Brettschneider's *Ritual Encounters of the Queer Kind* challenges notions of a static lesbian self and instead reworks Judaism and anarchist politics to propose rituals of continuous becoming Krista McQueeney then analyzes the paradoxes of a lesbian commitment ceremony held within a gay affirmative African

American congregation in the southern United States Elizabeth Suter and editor Ramona Faith Oswald use exploratory survey data to examine how lesbian couples may use name changing as a strategy to claim family status In addition Lesbian Rites also includes two chapters that examine how lesbians have been compromised if not harmed by the ritualization of heterosexism and homophobia The first is an insightful analysis of the community response to the feminist retreat known as Camp Sister Spirit In this chapter Kate Greene uses Mary Daly s seven patterns of sado ritual syndrome to show how the people opposed to the camp were organized to uphold heterosexual patriarchy through an obsession with purity that defined the camp as a refuge for immorality The second chapter on this subject reviews the editor s own experiences of being hidden and devalued at heterosexual family weddings

**Adventures of the Spirit** Phyllis Sternberg Perrakis,2007 In *Adventures of the Spirit* Phyllis Sternberg Perrakis brings together eleven American and Canadian literary gerontologists to examine a new kind of adventure for the older woman in literature This volume of critical essays analyzes recent works by contemporary women writers whose characters midlife and later life changes are mapped in their narratives Rather than focusing on the painful losses undergone by women of a certain age recent narratives explore a new kind of adventure of aging one that is spiritual in nature enabling new ways of being and becoming but open ended and capable of great variation in practice In particular these journeys of the spirit focus on the retrospective movement undergone by a midlife or older woman as she is led by inner or outer forces to assess where she has come from and decipher a shape or pattern to her journey These journeys do not leave the body behind as they map new spiritual territory Rather they honor spirit s embrace of the natural world and relationships as well as its aspirations for evolving development and eternal existence The essays in *Adventures of the Spirit* employ a wide variety of critical lenses to chart these adventures including archetypal Sufi post colonial and feminist analysis archival research aboriginal life writing and trauma theory These studies bring a new understanding to women s adventure of age in both literary texts and in life
