A thrilling tale of magic and warfare in ancient Ireland April 1014 Dubliner Elva watches helplessly as her sister comes under the control of an evil queen Dara marches towards the city as part of Brian Boru's army while Skari sails from the Orkneys to fight with King Sitric of Dublin As the armies come ever closer to each other no one knows what will happen when they meet to fight what has been called the last battle Nor do the children realise that their fates are linked in ways they could never have imagined ways which will test all their courage and loyalty      The Mastery series. *Florence Nightingale: Extending Nursing* Lynn McDonald,2011-04-07 Although Florence Nightingale is famous as a nurse her lifetime's writing on nursing and to nurses is scarcely known in the profession Nursing professors tend to look to the future not to the past and often ignore her or rely on faulty secondary sources Volume 12 related the founding of her school at St Thomas Hospital and her guidance of its teaching for the rest of her life Volume 13 *Extending Nursing* relates the introduction of professional training and standards outside St Thomas beginning with London hospitals and others in Britain followed by hospitals in Europe America Australia and Canada Also presented is material on work in India Japan and China The challenge of raising standards in the tough workhouse infirmaries is reported as is Nightingale's fostering of district nursing A chronology in this volume provides a convenient overview of Nightingale's work on nursing from 1860 to 1900 Both volumes give biographical sketches of key nursing leaders      Dalziel's Illustrated Arabian Nights' Entertainments

Marriage,1883      *The New Frontier* Jay Stevens,2025-11-20 Aliens It's 2140 and a tiny colony on Europa stumbles upon

incontrovertible evidence that aliens exist in our solar system Right here right now Who knew One day you re shoveling snow at one of Europa s vents the next you re picking through the remains of a submarine full of little aliens The leaders of the Martian Federation and the Earth Alliance quickly agree to assemble a joint expeditionary force to establish contact and to communicate with these our first sister species in the universe There are however a few minor problems The aliens are at the bottom of a thirty kilometer deep ocean under six kilometers of ice on a cold and airless moon of Jupiter that is bathed in lethal radiation And there s no living space available for the expeditionary force to stay under the ice with the colonists while staying on the surface is impossible because of the intense radiation These problems would be much easier to deal with if the Alliance and the Federation weren t on the brink of breaking off relations and if the Alliance leadership weren t grappling with their own internal issues Not to mention that the colonists who own the only habitable spaces on Europa can t stand either of them Can humanity stop fighting for long enough to solve all these problems And if so what kind of intelligence can they expect to find under the ice and at the bottom of a lightless ocean with no view of the universe **The Mastery Series.**
