Sitting In:

Sitting in the Flames Dr. John Edwin DeVore, 2014-11-12 As reviewed by New York Times best selling author Ellen Tanner Marsh In clear heartfelt prose DeVore describes a brave and unflinching confrontation with his past made necessary in order for him to have a more meaningful future War he realized isn't just one man's experience it's the sum total experience of an entire country To stop wars he argues we must understand them and why we seem to need them The gut wrenching brutality experienced by American soldiers in Vietnam was for many the beginning of a lifelong personal struggle Unlike many veterans who were unable to cope after returning to civilian life John DeVore moved with facility from success as an Army officer to success in corporate America Nevertheless like many other veterans the war haunted DeVore and finally in a process he narrates in this book compelled him to make a commitment to free himself and our country from the addiction to war Joel Andreas author of *Addicted to War Why the U S Can't Kick Militarism* John DeVore's important book chronicles the remarkable transformation of a professional soldier to a spiritual warrior of peace A must read for those interested in exploring the possibilities of a less violent global future Manfred B Steger professor of politics and government Illinois State University research fellow Globalization Research Center University of Hawaii at Manoa DeVore offers a simple explanation of the interconnectedness of his Western cultural conditioning globalization the reality of war his civilian and military careers and his search for spiritual roots He certainly is a living example of the fearlessness and desire to help others that can begin to emerge through willingness to work with personal emotional turbulence fear anger pride envy selfishness ignorance etc on a daily basis His story really helps us experience that it is possible to turn bad things to good things Ringu Tulku internationally recognized teacher and author of *Daring Steps Toward Fearlessness Path to Buddhahood* *Lazy Lama* Series Comment on Gampopa Jewell Ornament of Liberation Mind Training The Boy Who Had a Dream and A Perspective on Living and Dying Ringu Tulku was born in Eastern Tibet in 1952 and was a professor of Tibetan studies for seventeen years He travels extensively teaches at Naropa University in Boulder Colorado and is director of seven meditation centers in Europe the United States and India His home is Gangtok Sikkim in India and his Bodhicharya website is www.bodhicharya.org

Walking in Zen, Sitting in Zen Osho, 2023-03-15 Zen is another name for meditation The word zen comes from the Sanskrit root dhyana it has traveled far Dhyana means a state of absolute silence of thoughtless silence but full of awareness Even the thought that I am aware is enough to distract you from your meditation Even to know that I am in meditation is enough to destroy it A state of meditation is an innocent silent state You are blissfully unaware of your awareness You are but you are utterly relaxed You are not in a state of sleep you are fully alert more alert than ever You are alertness rather

Sitting in Judgment Penny Darbyshire, 2011-09-30 The public image of judges has been stuck in a time warp they are invariably depicted in the media and derided in public bars up and down the country as privately educated Oxbridge types usually out of touch and more often than not as old men These and other stereotypes the judge as a pervert the judge as a

right wing monster have dogged the judiciary long since any of them ceased to have any basis in fact Indeed the limited research that was permitted in the 1960s and 1970s tended to reinforce several of these stereotypes Moreover occasional high profile incidents in the courts elaborated with the help of satirists such as Private Eye and Monty Python have ensured that the old white Tory judge caricature not only survives but has come to be viewed as incontestable Since the late 1980s the judiciary has changed largely as a result of the introduction of training and new and more transparent methods of recruitment and appointment But how much has it changed and what are the courts like after decades of judicial reform Given unprecedented access to the whole range of courts from magistrates courts to the Supreme Court Penny Darbyshire spent seven years researching the judges accompanying them in their daily work listening to their conversations observing their handling of cases and the people who come before them and asking them frank and searching questions about their lives careers and ambitions What emerges is without doubt the most revealing and compelling picture of the modern judiciary in England and Wales ever seen From it we learn that not only do the old stereotypes not hold but that modern baby boomer judges are more representative of the people they serve and that the reforms are working But this new book also gives an unvarnished glimpse of the modern courtroom which shows a legal system under stress lacking resources but facing an ever increasing caseload This book will be essential reading for anyone wishing to know about the experience of modern judging the education training and professional lives of judges and the current state of the courts and judiciary in England and Wales
