**Six Impossible Things Before Breakfast** Lewis Wolpert, 2011-02-03 Why does every society around the world have a religious tradition of some sort Professor Lewis Wolpert investigates the nature of belief and its causes He looks at belief's psychological basis and its possible evolutionary origins in physical cause and effect Wolpert explores the different types of belief including that of animals of children of the religious and of those suffering from psychiatric disorders And he asks whether it is possible to live without belief at all or whether it is a necessary component of a functioning society *Alice Beyond Wonderland* Christopher Hollingsworth, 2009-12 Alice beyond Wonderland explores the ubiquitous power of Lewis Carroll's imagined world Including work by some of the most prominent contemporary scholars in the field of Lewis Carroll studies all introduced by Karoline Leach's edgy foreword Alice beyond Wonderland considers the literary imaginative and cultural influences of Carroll's 19th century story on the high tech postindustrial cultural space of the twenty first century The scholars in this volume attempt to move beyond the sexually charged permutations of the Carroll myth the image of an introverted man fumbling into literary immortality through his love for a prepubescent Alice Contributions include an essay comparing Dantean and Carrollian underworlds one investigating child characters as double agents in untamed lands one placing Wonderland within the geometrical and algebraic fourth dimension one investigating the visual and verbal interplay of hand imagery and one exploring the influence of Japanese translations of Alice on the Gothic Lolita subculture of neo Victorian enthusiasts This is a bold capacious and challenging work *The Dads & Daughters Togetherness Guide* Joe Kelly, 2008-12-10 Fathers know that doing things with their daughters is important Shared activities build trust and self esteem show how much dads care and allow everyone to cut loose and have fun But even fathers who can beat the generation and gender gaps that make them feel awkward can't always dream up cool places to go or mutually enjoyable things to do Like the coach of their favorite team dads need a game plan and that's exactly what Joe Kelly provides in Dads Daughters Togetherness Guide Appropriate for girls of any age the guide enables dads to grab their daughters by the hand and say Let's go See how things are made Take a made in America tour and see how everything from jumbo jets Boeing to chocolate kisses Hershey's is produced Bake a funny cake She'll laugh herself silly in the kitchen making Kitty Litter Cake a German chocolate sheet cake covered with cat litter dyed crumbled cookies and topped with miniature Tootsie Rolls Take a drive to nowhere Let the copilot navigate and leave time for fun stops to poke around in flea markets or join a game of pickup softball for a few innings With dozens of other engaging activities such as creating a daddy daughter journal devising secret codes and exchanging poems this is the ultimate rain or shine resource for developing wonderful parent child rapport **Six Impossible Things Before Breakfast** Cyril Twyford, **Alice's Adventures in Wonderland** Lewis Carroll, 1897 By falling down a rabbit hole and stepping through a mirror Alice experiences unusual adventures with a variety of nonsensical characters **Writing Academic Texts Differently** Nina Lykke, 2014-06-27 This edited volume combines cutting edge

research on feminist and intersectional writing methodologies with explorations of links between academic and creative writing practices Contributors discuss what it means for academic writing processes to explore intersectional in between spaces between monolithic identity markers and power differentials such as gender race ethnicity class sexuality and nationality How does such a frame change academic writing How does it make it pertinent to explore new synergies between academic and creative writing In answer to these questions the book offers theories methodologies political and ethical considerations as well as reflections on writing strategies Suggestions for writing exercises developed against the background of the contributors individual and joint teaching practices will inspire readers to engage in alternative writing practices themselves

The Laws of Trading Agustin Lebron,2019-06-12 Every decision is a trade Learn to think about the ones you should do and the ones you shouldn't Trading books generally break down into two categories the ones which claim to teach you how to make money trading and the memoir style books recounting scandals and bad behavior But the former don't have profitable trades to teach if they did they'd keep those trades to themselves And the latter are frequently entertaining but they don't leave you with much you can apply in your own life The Laws of Trading is different All of our relationships and decisions involve trading at some level This is a book about decision making through the lens of a professional prop trader For years behavioral and cognitive scientists have shown us how human decision making is flawed and biased But how do you learn to avoid these problems in day to day decisions where you have to react in real time What are the important things to think about and to act on The world needs a book by a prop trader who has lived breathed and taught trading for a living drawing upon years of insights on the trading floor in real markets good and bad whether going sideways crashing or bubbling over If you can master the decision making skills needed to profitably trade in modern markets you can master decision making in all walks of life This book will teach you exactly those skills Introduces develops and applies one law per chapter making it easy not only to remember useful concepts but also to have them at the ready in any situation Shows you how to find and think about the special edge of your organization and yourself Teaches you how to handle the interaction of people with artificially intelligent AI machines that make decisions a skill that is rapidly becoming essential in the AI driven economy of the future Includes a bonus digital ancillary an Excel spreadsheet with various worked examples that expand on the scenarios described in the book Do you need to make rational decisions in a competitive environment Almost everyone does This book will teach you the tools that let you do your job better
