The Ante-Nicene Fathers Alexander Roberts, 1887 **The Ante-Nicene Fathers** Reverend Alexander Roberts, 2007-05-01 One of the first great events in Christian history was the Council of Nicaea in 325 AD convened to organize Christian sects and beliefs into a unified doctrine The great Christian clergymen who wrote before this famous event are referred to as the Ante Nicenes and the Apostolic Fathers and their writings are collected here in a ten volume set The Ante Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices But they are also real and flawed men who are more like their fellow Christians than they are like the Apostles making their words echo in the ears of spiritual seekers In Volume III of the 10 volume collected works of the Ante Nicenes first published between 1885 and 1896 readers will find three of Tertullian s most famous writings In Apologetic Tertullian addresses the powers that be in Rome demanding that Christians be accepted and tolerated by Roman law In Anti Marcion Tertullian attacks and discusses heretics And in Ethical he discusses a variety of moral questions

Ante-Nicene Fathers: Translations of the Writings of the Fathers Down to A.D. 325, Volume 3 Alexander Roberts, 2023-12-15 Philip Schaff s classic work colloquially known as Early Church Fathers is an invaluable resource filled with the primary documents and early theological building blocks for the Christian Church Comprised of 38 volumes it is broken into three parts the Ante Nicene Fathers and Nicene and Post Nicene Fathers First and Second Series *No Place for Home* Jay Ellis, 2013-11-05 This book was written to venture beyond interpretations of Cormac McCarthy s characters as simple antinomian and non psychological and of his landscapes as unrelated to the violent arcs of often orphaned and always emotionally isolated and socially detached characters As McCarthy usually eschews direct indications of psychology his landscapes allow us to infer much about their motivations The relationship of ambivalent nostalgia for domesticity to

McCarthy's descriptions of space remains relatively unexamined at book length and through less theoretical application than close reading. By including McCarthy's latest book, this study offers the only complete study of all nine novels. Within McCarthy studies, this book extends and complicates a growing interest in space and domesticity in his work. The author combines a high regard for McCarthy's stylistic prowess with a provocative reading of how his own psychological habits around gender issues and family relations power books that only appear to be stories of masculine heroic expressions of misogynistic fear or antinomian rejections of civilized life.

The Writings of Tertullian - Volume II Tertullian, 2017-10-24. This second volume in a four-book series of the writings of Tertullian focuses on the teachings of a heretic named Marcion. This work mainly shows the error of Marcion's theology and the gnostic basis of the teaching. Although we no longer have many of the original teachings of the first and second century Gnostics, we are able to use works like this to try and piece them together. Tertullian was adamant in showing the error of the Gnostic way of using the Bible and adequately shows the heresy that lies within the fabric of Gnostic thought that made it so dangerous.
