

Sioux Arrows and Bullets

By Paul Sanford

When the Civil War was at its height, 2,600 warriors from the Upper Sioux Agency in Minnesota, and from Western tribes went on a rampage. Fifty thousand settlers, who fled their homes, were demanding protection. The Ninth Regiment Minnesota Volunteers were diverted to join Col. Sibley's campaign against Sioux Chief Little Crow.

This is an account of that campaign, documented as to fact by official reports written by the officers. But the day-to-day experiences of the troops are gleaned from letters which the author's great-grandfather, Franklin Pierce, wrote to the folks back home.

Farritor, 2009-08-05 The Battle of Massacre Canyon occurred in an indistinguishable valley in southwestern Nebraska on August 5 1873 Fought between a Pawnee hunting expedition and a Sioux war party the destruction of the Pawnee shocked the nation as a whole and inspired fear and speculation within the young state of a bloody plains war As the last great confrontation between American Indian tribes on the North American continent the battle was a harbinger of the removal of both tribes from their beloved Nebraska homelands by the end of the decade In Shawn J Farritors first novel End of Pawnee Starlight memorable characters are drawn from the chapters of Nebraska history to create a stirring account of the final years of the Pawnee Nation within the state The well meaning but inexperienced trail agent John Williamson finds himself engulfed by the deadly responsibility of escorting the Pawnee on their doomed final hunt as he attempts to charm a proud Pawnee girl The dignified Great Pawnee Chief Petalasharo struggles to keep his people on the lands of their ancestors The formidable warrior Sky Chief leads his people into disaster on their summer buffalo hunt The hardened arm scout Frank North and his more reflective younger brother Luther North assist the Pawnee in their terrible warfare with the powerful Sioux In the end neither tribe won the Battle of Massacre Canyon The Pawnee and Sioux were fighting over access to hunting grounds that the American government had recently and unilaterally determined were not theirs to claim **Catalogue of Manuscripts and Relics in**

Bender, 2018-07-06 Symbolic ornamentation inspired by ancient Greek and Roman art is a long standing Western tradition The author explores the designs of 18th century English gunsmiths who engraved classical ornamental patterns on firearms gifted or traded to American Indians A system of allegory is found that symbolized the Americas of the New World in general and that enshrined the

American Indian peoples as noble savages The same allegorical context was drawn upon for symbols of national liberty in the early American republic Inadvertently many of the symbolic designs used on the trade guns strongly resonated with several Native American spiritual traditions
