**10 Years That Shook the World** Loretta Napoleoni, 2011-09-06 September 11 2001 is considered the main event but the changes of the decade go far beyond the menace of terrorism and the war on terror The technological revolution the wide use of the Internet and the advent of social media are just some of the innovations that grew to define the decade The war on terror and its strong rhetoric hid these phenomena The purpose of this book is to show the true patterns of change those innovations that will influence coming decades This is more than a timeline it is the tale of an extraordinary decade Within each year Napoleoni presents events not in a strict chronology but more as we might remember them often

with the most significant events recalled first Thus the main topics politics economics people technology and the environment cross over constantly showing how they are all interlinked and how globalization is speeding up the pace of change in our world

**The International Arms Trade** Rachel Stohl,Suzette Grillot,2013-04-29 The multi billion dollar business of the international conventional arms trade involves virtually every country in the world Around the globe people s lives are being irrevocably changed by the effects of guns tanks and missiles These weapons have the potential to cause a deadly and current threat one responsible for hundreds of thousands of deaths a year This succinct and accessible new book explores the complexities and realities of the global conventional weapons trade The first book on the subject in nearly a decade The International Arms Trade provides an engaging introduction to the trade the effects and the consequences of these weapons The authors trace the history of the arms trade and examine how it has evolved since the end of the Cold War In particular they assess the role of the largest arms exporters and importers the business of selling conventional arms around the world and shed new light on the illicit arms trade and the shadowy dealers who profit from their deadly commerce The book also looks closely at the devastating effect the business can have on countries societies and individuals and concludes with an evaluation of the various existing control strategies and the potential for future control opportunities The International Arms Trade will be invaluable for students and scholars of international relations and security studies and for policymakers and anyone interested in understanding more about the conventional arms trade

Technology and Security in the 21st Century Amitav Mallik,2004 **The Stockholm Journal of East Asian Studies** ,2006 **The Inequality Predicament** United Nations. Department of Economic and Social Affairs,2005 Eighty per cent of the world s gross domestic product belongs to the 1 billion people living in the developed world the remaining 20 per cent is shared by the 5 billion people living in developing countries Failure to address this inequality predicament will ensure that social justice and better living conditions for all people remain elusive and that communities countries and regions remain vulnerable to social political and economic upheaval This report traces trends and patterns in economic and non economic aspects of inequality and examines their causes and consequences It focuses on the traditional aspects of inequality such as the distribution of income and wealth as well as inequalities in health education and opportunities for social and political participation The report also analyses the impact of structural adjustment market reforms globalization and privatization on economic and social indicators The Report identifies four areas of particular importance First worldwide asymmetries deriving from globalization need to be redressed Second the goal of reducing inequality must be explicitly incorporated in policies and programmes aimed at poverty reduction Third priority must be given to expanding and improving opportunities for employment Finally social integration and cohesion must be promoted as key to development peace and security
