International Political Economy: Entries P-Z R. J. Barry Jones, 2001 This important new work is the first comprehensive reference to the rapidly developing field of international political economy IPE Featuring over 1200 A Z entries the coverage encompasses the full range of issues concepts and institutions associated with IPE in its various forms Comprehensively cross referenced and indexed each entry provides suggestions for further reading along with guides to more specialized sources Selected entries include African Development Bank benign neglect Black Monday casino capitalism debt management efficiency floating exchange rates General Agreement on Tariffs and Trade GATT information society economy Organization of Petroleum Exporting Countries OPEC Microsoft multinational corporations definitions NATO patents rent seeking Schellin Thomas tax havens trusts Value Added Tax VAT zero sum games and many more *Holocaust Escapees and Global Development* David Simon, 2019-01-15 The thousands uprooted and displaced by the Holocaust had a profound cultural impact on the countries in which they sought refuge with numerous Holocaust escapees attaining prominence as scientists writers filmmakers and artists But what is less well known is the way in which this refugee diaspora shaped the scholarly culture of their new found homes and international policy In this unique work David Simon explores the pioneering role played by mostly Jewish refugee scholars in the creation of development studies and practice following the Second World War and what we can learn about the discipline by examining the social and intellectual history of its early practitioners Through in depth interviews with key figures and their relatives Simon considers how the escapees experiences impacted their scholarship showing how they played a key role in shaping their belief that development really did hold the potential to make a better world free from the horrors of war genocide and discrimination they had experienced under Nazi rule In the process he casts valuable new light on the origins and evolution of development studies policy and practice from this formative postwar period to the present

Global Development Sara Lorenzini, 2022-07-26 In the Cold War development was a catchphrase that came to signify progress modernity and economic growth Development aid was closely aligned with the security concerns of the great powers for whom infrastructure and development projects were ideological tools for conquering hearts and minds around the globe from Europe and Africa to Asia and Latin America In this sweeping and incisive book Sara Lorenzini provides a global history of development drawing on a wealth of archival evidence to offer a panoramic and multifaceted portrait of a Cold War phenomenon that transformed the modern world Taking readers from the aftermath of the Second World War to the tearing down of the Berlin Wall Lorenzini shows how development projects altered local realities transnational interactions and even ideas about development itself She shines new light on the international organizations behind these projects examining their strategies and priorities and assessing the actual results on the ground and she also gives voice to the recipients of development aid Lorenzini shows how the Cold War shaped the global ambitions of development on both sides of the Iron Curtain and how international organizations promoted an unrealistically harmonious vision of development that did not reflect local and international differences An unparalleled journey into the political

intellectual and economic history of the twentieth century this book presents a global perspective on Cold War development demonstrating how its impacts are still being felt today *International Development Co-operation* H. Singer, 2001-06-26 As one of the most pioneering development economists Hans Singer has stimulated many of the ideas that have engaged the attention of the world community for several decades Not only has he helped to form an understanding of the problems of developing countries but he has also shown what might be done to solve them This collection brings together for the first time key essays on the issues underlying food aid and the development of the UN These are grouped into five areas postwar development experience reform of the United Nations debt and debt servicing structural adjustment and stabilization and food aid **Economic Careers** Keith Tribe, 2002-09-11 In this volume fourteen senior economists describe their early introduction to the study of economics and their contribution to the development of academic economics in Britain With experience covering a period stretching from the mid 1920s to the late 1960s many of the contributors not only provide an insight into the role of university disciplines in the education system but describe their experience in wartime administration or as government advisors The interview format of the work makes for accessibility and readability in a sometimes arcane area of work *The Economist*, 2006 **Latin America in Emerging World Order** Rangachari Narayanan, 2000

Global Development and Poverty Reduction John-ren Chen, David Sapsford, 2005 Explores the various ways in which the institutions of the global economy might rise to the challenges posed by the twin goals of increasing the pace of global development and alleviating poverty This book also provides a much needed analysis of the successes and failures of international institutions in achieving these aims **Indo-Myanmar Border Trade** Gurudas Das, N.
