## **Firm The Market And The Law:**

**The Firm, the Market, and the Law** R. H. Coase,2012-06-15 Few other economists have been read and cited as often as R H Coase has been even though as he admits most economists have a different way of looking at economic problems and do not share my conception of the nature of our subject Coase s particular interest has been that part of economic theory that deals with firms industries and markets what is known as price theory or microeconomics He has always urged his fellow economists to examine the foundations on which their theory exists and this volume collects some of his classic articles probing those very foundations The Nature of the Firm 1937 introduced the then revolutionary concept of transaction costs into economic theory The Problem of Social Cost 1960 further developed this concept emphasizing the effect of the law on the working of the economic system The remaining papers and new introductory essay clarify and extend Coarse s arguments and address his critics These essays bear rereading Coase s careful attention to actual institutions not only offers deep insight into economics but also provides the best argument for Coase s methodological position The clarity of the exposition and the elegance of the style also make them a pleasure to read and a model worthy of emulation Lewis A Kornhauser Journal of Economic Literature Ronald H Coase was awarded the Nobel Prize in Economic Science in 1991

## **The Firm, the Market and the Law** Ronald Harry Coase,1988    **The Law of Capital Markets in the EU** Konstantinos

Sergakis,2018-03-07 This authoritative textbook offers a thorough theoretical and practical overview of the current EU legal framework applicable to capital markets It is intended to enable a critical analysis of the overall regulatory principles as well as the interaction between market actors and EU law which has shaped the regulatory agenda both at national and EU level The book gives an overview of the foundations of EU capital markets and touches upon issuer disclosure obligations inappropriate market practices and gatekeepers EU law is the main focus complemented by comparative analysis where applicable primarily relating to UK French and German laws Ideal for upper level undergraduate or graduate law students taking a module in Capital Markets Law Securities Regulation Corporate Finance Law or EU Company Law Also useful for accounting business or economics MSc students who need to broaden their understanding of the legal aspects of capital markets and for academics and policy makers

*The Economic Structure of Corporate Law* Frank H. Easterbrook,Daniel R. Fischel,1991-10 The authors argue that the rules and practices of corporate law mimic contractual provisions that parties would reach if they bargained about every contingency at zero cost and flawlessly enforced their agreements But bargaining and enforcement are costly and corporate law provides the rules and an enforcement mechanism that govern relations among those who commit their capital to such ventures The authors work out the reasons for supposing that this is the exclusive function of corporate law and the implications of this perspective    **Modern Organisational Governance** David Crowther,Shahla Seifi,2017-09-06 In this book therefore we take a broad and possibly radical approach and consider governance requirements in the modern world not just for corporations but for all forms of organisation

## **Handbook on**

**Human Rights to a Healthy Environment** Jean-Claude N. Ashukem,2026-01-01 This unique handbook provides authoritative and comprehensive analysis of the constitutional human rights to a healthy environment in Cameroon and Africa It explores Cameroon and African regulatory and policy interventions regarding environmental protection systematically addressing a broad range of sub topics in a rich discussion of the various dimensions of environmental protection This handbook is timely relevant and adds to the limited existing literature on constitutional environmental governance in Cameroon and Africa offering fresh and extensive insights into environmental protection in the region and sharing lessons that can be applied to other African countries This handbook is undoubtedly a valuable resource for scholars of human rights environmental protection and related fields and a practical guide for a range of actors in environmental governance such as state actors and non governmental organizations in Cameroon and Africa in general
