The Control Of Candy Jones:

The CIA's Control of Candy Jones Donald Bain,2002 In the 26 years since The Control of Candy Jones was first published the controversy surrounding this wrenching tale of how one of America s most famous models was used by the CIA as a human guinea pig in its infamous mind control experiments has never completely vanished It has remained a cult book fueling the cause of critics of the CIA and further defining the now proven and accepted thesis that the minds of certain people can be manipulated and controlled in this instance for evil purposes

The Control of Candy Jones Donald Bain,1976-12-15 Candy Jones was the stage name of Jessica Wilcox b 1921 who became famous as a model and pinup girl in the early 1940s Her story seems too bizarre to be true One of America s most famous models brainwashed by the CIA Yes it is another example of truth being stranger than fiction The story begins with Candy s wedding to Long John Nebel New York s most successful radio talk show host During the wedding and regularly thereafter Candy s personality would seem to shift She would suddenly change from her affable self effacing self to a brusque aggressive stranger For the first few months of the marriage these shifts were infrequent enough that Nebel didn t worry much about it but as time went on they got worse Nebel began trying to relax his wife by hypnotizing her Although Candy insisted that she couldn t be hypnotized she slipped easily into a relaxed state and then into a healthy deep sleep But during the third session with no suggestion from Nebel Candy spontaneously regressed to a young age After that Nebel began to record their sessions The result of these sessions was that Nebel discovered his wife had been brainwashed into have a second identity Arlene whom a CIA doctor had used to carry messages all over the world Eventually Candy was tortured at CIA headquarters so that her doctor could display her successful programming The Control of Candy Jones sent shockwaves through the corridors of power when it was first published in 1976 After reportedly being suppressed by the CIA it became an instant classic and remains so today

Hidden Depths Robin Waterfield,2011-07-22 With wit and verve Robin Waterfield brings the bizarre story of hypnotism to life A lively mixture of popular history science and psychology Hidden Depths is the definitive work on hypnosis From its origins as animal magnetism as practised by Franz Anton Mesmer to its modern day use as a health cure and a form of entertainment hypnosis encompasses many different facets of humanity Always controversial the outlandish claims that its zealous believers make are only matched in intensity by the howls of derision that they provoke from sceptics Hypnotism exists on the periphery of the scientific community much as it has since its inception and Robin Waterfield approaches the issues with an open mind carefully stripping the fact from the fancy and the truth from the myth Vividly written compellingly readable this is a fascinating insight into one of the more esoteric branches of science Hidden Depths is a highly readable wide ranging and informative account of a fascinating topic Observer Fascinating Daily Telegraph

Broken Glory Ed Sanders,2018-05-15 Bobby Kennedy's last campaign an homage to a leader who might have changed history and a reconstruction of the conspiracy to stop him in a magisterial feat of epic investigative poetry June 5 2018 is the fiftieth anniversary of the assassination of Robert F Kennedy and there are still unanswered questions about whether his murder was the result of a conspiracy Broken Glory is a graphic history told in epic verse of Bobby Kennedy's life and times leading up to the fateful 1968 election campaign with 100 illustrations by artist Rick Veitch It encompasses the story of his convicted killer Sirhan Sirhan as well as a large cast of characters that includes Lyndon Johnson J Edgar Hoover Richard Nixon and Eugene McCarthy who was the first to challenge the sitting president of his own party in the 1968 election and it recalls the major events that made 1968 a turning point in American history the Tet offensive and battle of Hue followed soon after by the My Lai massacre the assassination of Martin

Luther King and the riots that ensued The authors illuminate the evidence for a conspiracy fostered perhaps by elements of the CIA that fielded a second shooter and made of Sirhan Sirhan a patsy mirroring the part played by Lee Harvey Oswald in the assassination of John F Kennedy an event that haunted JFK's younger brother until his dying day [Human Rights Law Journal](#) ,1982
