Grandma Joy's Hope for Hurting Women Grandma Joy,2006 This book is filled with real life personal stories testimonies prayers scriptures and answers to help women find wisdom strength and salvation Each thought provoking story is concluded with a light hearted story providing readers with lots of laughter Felicia, the Curious Cow ,1940

Fibonacci Tales eLBe,2016-10-31 Fibonacci Tales are fiction written in the format of the Fibonacci sequence hence the name Fibonacci Tales What Fibonacci did is plug a 0 and a 1 and set the rule to always add the next two numbers Each Fibonacci Tales book has two one page chapters one two page chapter one three page chapter one five page chapter one eight page chapter one thirteen page chapter one twenty one page chapter one thirty four page chapter one fifty five page chapter and one eighty nine page chapter for a total of 232 pages per book Fibonacci Tales are written for all ages and in paired sets of books The first pair of Fibonacci Tales books are Fibonacci Tales Vampire Tales and Fibonacci Tales Knights Tales The second pair of Fibonacci Tales books are Fibonacci Tales Dust Tales and Fibonacci Tales Mother Tales The third pair of Fibonacci Tales books will be called Fibonacci Tales Cat Tales and Fibonacci Tales Goddess Tales These books are works in progress during mid September 2016 The author expects to complete the third pair of Fibonacci Tales books and available around early to mid 2017 Fibonacci Tales books are designed for electronic book reading Each pair of books includes music callouts that are essential to the stories music has the power to calm the savage beast and therefore Fibonacci Tales books do not lend themselves to printed book format Plus the cost of printing two pairs of books and pressing two CDs for each pair of books would not be cost effective and it would be an outright irritant for the dear reader who would

have to advance the CD one tune at a time and stop the CD before the next tune began as CD players are designed to do I would utterly hate to read Fibonacci Tales in printed book format For that reason alone scratch the idea of publishing Fibonacci Tales in physical book format I will not agree On the plus side again I have two disinterested readers who will read and comment on Fibonacci Tales books once they are available in e book format **Assorted Poems (With Nuts)** Jerrel Dean Parent,2008-12-24 The poems selected for this volume are politically incorrect spiritual whimsical clever and charming What else would one expect from the youngest of ten siblings who lived in holey roofed houses picked spinach and cotton and rode stick horses or from a man who jumped out of airplanes wanting to be a hero survived a car wreck which rearranged his face and body quit drinking at age fifty divorced and remarried learned to play the piano took up drawing and oil painting and delved into the works of Carl Jung resulting in an acute psychotic episode and an early retirement He is currently dealing with memory loss and autumn leaves Jerrel has written thousands of poems that reflect the disparity of his nature and interests In arranging this book for him an assortment of topics and moods fell naturally into place As it says in his poem The Writer Words tumbled from his pen like rocks in an avalanche The only obvious meaning is something came loose higher up
