The Philosophy of Sin Oswald Chambers, *The Philosophy of Historical Case Studies* Tilman Sauer, Raphael

Scholl,2016-05-24 This volume collects reflections on the role of philosophy in case studies in the history of science Case studies have played a prominent role in recent history and philosophy of science They have been used to illustrate question explore or explicate philosophical points of view Even if not explicitly so historical narratives are always guided by philosophical background assumptions But what happens if different philosophies lead to different narratives of the same historical episodes Can historical case studies decide between competing philosophical viewpoints What are the criteria that a case study has to fulfill in order to be philosophically relevant Bringing together leading practitioners in the fields of history and philosophy of the physical and the life sciences this volume addresses this methodological problem and proposes ways of rendering explicit philosophical assumptions of historical work **The Ethics of Time** John Panteleimon

Manoussakis,2016-12-15 The Ethics of Time utilizes the resources of phenomenology and hermeneutics to explore this under charted field of philosophical inquiry Its rigorous analyses of such phenomena as waiting memory and the body are carried out phenomenologically as it engages in a hermeneutical reading of such classical texts as Augustine s Confessions and Sophocles s Oedipus Rex among others The Ethics of Time takes seriously phenomenology s claim of a consciousness both constituting time and being constituted by time This claim has some important implications for the ethical self or rather for the ways in which such a self informed by time might come to understand anew the problems of imperfection and ethical goodness Even though a strictly philosophical endeavour this book engages knowledgeably and deftly with subjects across literature theology and the arts and will be of interest to scholars throughout these disciplines *Essays on the Philosophy of Theism: Supplementary remarks on freewill* William George Ward,1884 [The Philosophy of Religion on the Basis of Its History: Spinoza to Schleiermacher](#) Otto Pflieger,1886 **Contingency and Commitment** Carlos Alberto

and the Mysticism of Sin Peter Tracey Connor,2000-02-10 Peter Connor argues that literary scholars eager to represent Bataille as a philosopher or as an early deconstructionist have tended to neglect or misunderstand Bataille s interest in mysticism His study is intended to correct this distorted view of Bataille giving us a more complete picture of the complex and influential writer *The Philosophy of Sin, Etc* Oswald CHAMBERS,1960 **Jehovistic names and titles of God.**
