The Cornish Edwardians:

The Cornish Edwardians David Mudd,1982 **Classic Victorian and Edwardian Ghost Stories** Rex Collings,2008

The unquiet souls of the dead both as fictional creations and as real apparitions roam the pages of this haunting selection of ghost stories including *Man Size in Marble* adapted for the 2024 A Ghost Story for Christmas **The Edwardians** Anne Gray,2004 This catalogue accompanies the exhibition opening at the National Gallery of Australia in March 2004 that aims to reassess the art of the Edwardian period focusing in particular on the art of Australia Among Australia s most loved artists are those who went to Europe at the turn of the 19th century to study and live Many of them stayed abroad for two decades and like Australian film stars of today became absorbed onto the world stage This book places the work of these artists in the context of the British Irish and American artists with whom they exhibited and associated and demonstrates their parallel concerns in painterly approach and subject Opening with paintings by Whistler which were so influential on the artists of this period the exhibition focuses on figurative paintings by select British Irish American and Australian artists from 1900 to 1914 It also includes George Lambert s *King Edward VII 1910* completed shortly before Edward s death and now held in the Commonwealth of Australia Collection In total the exhibition comprises approximately 140 paintings sculptures costumes and fan designs drawn from national and international collections **Classic Victorian & Edwardian Ghost Stories** Rex Collings,1996 This work comprises a collection of classic and lesser known ghost stories from the Victorian and Edwardian eras It includes ghosts as fictional creations and as real apparitions It includes contributions from all over the world

[Edwardian Devon 1900-1914](#) Dr David Parker,2016-08-04 A century ago Britain was locked in a devastating worldwide conflict that would change every aspect of society This book explores life in Devon between 1900 and 1914 offering a revealing glimpse of a world now long vanished before war broke out Devon was no backwater its railways and shipping were busy bringing tourists in and sending vast quantities of produce out It was though a county of contrasts and change Farming had reinvented itself after the late Victorian depression but villages were in decline churches and chapels were full but religion bitterly divided communities the wealthy enjoyed extravagant lifestyles on great estates but their authority was under attack Devon s upper middle and lower class schools perfectly reflected the Edwardian social hierarchy but as the county s elections revealed society was being torn asunder by bitter controversies over exactly who should have the vote rule the country and control the Empire It was a worrying time overseas too Great Britain s supremacy was increasingly challenged and the warships in Devon s harbours and army manoeuvres on the moors drew many comments as the storm clouds began to gather over Europe Using mainly contemporary sources this engaging book examines the attitudes and experiences of people across all social classes in this tumultuous era **Victorian and Edwardian Cornwall from Old Photographs** John Betjeman,Alfred Leslie Rowse,1974 **Popular Opposition to Irish Home Rule in Edwardian Britain** Daniel Jackson,2009-04-01 This book is a salutary reminder that the realities of British politics before 1914 were

more complex and rather different from the whiggish stereotypes about New Liberalism and the rise of Labour and class politics which have dominated our understanding of late Edwardian Britain Jackson's groundbreaking research shows that from the start of the Third Home Rule Bill crisis there was in Britain considerable popular interest in the Irish issue and that the Curragh army mutiny of 1914 was not an isolated incident but part of a wider popular movement A well orchestrated campaign of agitation led by Unionist leaders Sir Edward Carson and Andrew Bonar Law had so exploited patriotic and sectarian resentment at the prospect of Irish Home Rule that by 1914 the United Kingdom was on the verge of civil war Jackson locates this movement at the end of a long nineteenth century where communal and confessional identities were still as powerful as class and where native hostility to Catholicism and Irish migration still prevailed This work shows that the rhetoric and street theatre of Carsonism had as much resonance in Britain as Protestant Ulster where enormous crowds turned out to protest against Home Rule throughout Great Britain and not just in the sectarian cauldrons of Liverpool and Glasgow For Jackson the study of these massive demonstrations becomes a way of capturing the opinions of those rendered voiceless by history and shows how the Ulster question allowed Conservative politicians to bridge the gap between elites and masses and elicit a degree of popular enthusiasm unmatched in the years before the Great War

On the move Aitor Ibarrola-Armenzariz, Jon Ortiz de Urbina Arruabarrena, 2016-07-29 This volume brings together a selection of the papers and round tables delivered at the 39th AEDEAN Conference held at the University of Deusto in November 2015 The essays in *On the Move Glancing Backwards to Build a Future in English Studies* often begin with typically academic gestures such as retrieving a classic text and finding new ways of studying its genre or characterization or remarking how certain ungrammatical constructions have gone frequently unnoticed even in well known texts for various reasons or entangling oneself in contentions about the adequacy of dissecting a literary text or linguistic problem by using innovative analytical tools In all cases though there is the intention of putting forth certain views and notions that will help future scholars to deal in a better light with the dilemmas regularly encountered in literary linguistic and cultural studies The book opens with three essays by professors Bartholomae Pullum and Ro who demonstrate not only their mastery in their respective subjects but also their ability to tailor their contents to multifarious audiences The next two sections represent the main body of the book with nearly forty contributions on both literature and cultural studies Part II and language and linguistics Part III These short academic pieces are a representative showcase of the research being done lately in the different areas of expertise The last section of the volume gathers together the results of four research projects dealing with such engaging topics as postcolonial crime fiction or forgotten texts by Anglo writers about the Spanish Civil War It is hard to think of any potential reader schooled in English Studies who will not find something suitable to their interests and tastes in this volume
