Chinese Art Objects, Collecting, and Interior Design in Twentieth-Century Britain Helen Glaister, 2022-08-26 This book explores the relationship between collecting Chinese ceramics interior design and display in Britain through the eyes of collectors designers and tastemakers during the years leading to during and following the Second World War The Ionides Collection of European style Chinese export porcelain forms the nucleus of this study defined by its design hybridity offering insights into the agency of Chinese porcelain in diverse contexts from seventeenth century Batavia to twentieth century Britain raising questions about notions of Chineseness Britishness and identity politics across time and space Through the biographies of the collectors this book highlights the role of collecting Chinese art objects particularly porcelain in the construction of individual and group identities Social networks linking the Ionides to agents and dealers auctioneers and museum specialists bring into focus the dynamics of collecting during this period the taste of the Ionides and their self fashioning as collectors The book will be of interest to scholars working in the fields of art history history of collections interior design Chinese studies and material culture studies *The Country Life Picture Book of Britain* Gordon Winter, 1986

Library Catalog of the Metropolitan Museum of Art, New York Metropolitan Museum of Art (New York, N.Y.).

Library, 1980 **The Castle** John Goodall, 2022-03-22 A vibrant history of the castle in Britain from the early Middle Ages to the present day The castle has long had a pivotal place in British life associated with lordship landholding and military might and today it remains a powerful symbol of history But castles have never been merely impressive fortresses they were hubs of life activity and imagination John Goodall weaves together the history of the British castle across the span of a millennium from the eleventh to the twenty first century through the voices of those who witnessed it Drawing on chronicles poems letters and novels including the work of figures like Gawain Poet Walter Scott Evelyn Waugh and P G Wodehouse Goodall explores the importance of the castle in our culture and society From the medieval period to Civil War engagements right up to modern manifestations in Harry Potter Goodall reveals that the castle has always been put to different uses and to this day continues to serve as a source of inspiration **Articulating British Classicism** Elizabeth McKellar, 2017-07-05 Whereas

the past decades have seen a profound reconsideration of eighteenth century visual culture the architecture of that century has undergone little evaluation Its study unlike that of the early modern period or the twentieth century has continued to use essentially the same methods and ideas over the last fifty years Articulating British Classicism reconsiders the traditional historiography of British eighteenth century architecture as it was shaped after World War II and brings together for the first time a variety of new perspectives on British classicism in the period Drawing on current thinking about the eighteenth century from a range of disciplines the book examines such topics as social and gender identities colonialization and commercialization notions of the rural urban and suburban as well as issues of theory and historiography Canonical constructions of Georgian architecture are explored including current evaluations of the continental intellectual background the relationship with mid seventeenth century Stuart court classicism and the development of the subject in the twentieth century

The Rural Life of England William Howitt,1898 **National Union Catalog** ,1956 Includes entries for maps and atlases The Georgian London Town House Kate Retford,Susanna Avery-Quash,2019-03-07 For every great country house of the Georgian period there was usually also a town house Chatsworth for example the home of the Devonshires has officially been recognised as one of the country s favourite national treasures but most of its visitors know little of Devonshire House which the family once owned in the capital In part this is because town houses were often leased rather than being passed down through generations as country estates were But most crucially many London town houses including Devonshire House no longer exist having been demolished in the early twentieth century This book seeks to place centre stage the hugely important yet hitherto overlooked town houses of the eighteenth and early nineteenth centuries exploring the prime position they once occupied in the lives of families and the nation as a whole It explores the owners how they furnished and used these properties and how their houses were judged by the various types of visitor who gained access

Designing Modern Britain Cheryl Buckley,2007-10 Employing numerous examples of classic British design Designing Modern Britain delves into the history of British design culture and thereby tracks the evolution of the British national identity *The Eclectic Magazine of Foreign Literature, Science, and Art* ,1889 **Lectures on the Industrial Revolution of the 18th Century in England** Arnold Toynbee,1894 The Spectator ,1897 *The First (second, Third, Fourth) Country Life Picture Book of Britain* P.P. - London. - Country Life,1955 **A Supplement to Allibone's Critical Dictionary of English Literature and British and American Authors** John Foster Kirk,1899 **A Critical Dictionary of English Literature and British and American Authors, Living and Deceased, from the Earliest Accounts to the Latter Half of the Nineteenth Century** Samuel Austin Allibone,1891 **American Monthly Review of Reviews** ,1891 **The Publishers' Trade List Annual** ,1882 The Saturday Review of Politics, Literature, Science and Art ,1871 *Social England: From the accession of George I. to the battle of Waterloo* Henry Duff Traill,1896
