The Creator Beyond Time And Space Creator:

The Creator Beyond Time and Space Mark Eastman, Chuck Missler, 1995-11-01 *The Creation of Infiverse with Bible Verses* Arvie Del Mundo, 2025-02-09 This ebook contains information about how God created the world and the Universe and the unknown Infiverse *The Love, Peace, Health, and Perspicacity Book III*, Guide To God and Singularity Part 0 (My Perspective) Shravan Nanda, 2025-09-11 Guide to God and Singularity Part 0 My Perspective explores one of humanity's greatest questions: What existed before existence? Through a unique framework, Shravan Nanda presents four fundamental concepts of God: Brahma (creation), Vishnu (sustenance), Shiva (void), and Shakti (energy), showing how every religion, philosophy, and scientific idea converges into these perspectives. Yet the book goes beyond philosophy; it connects the search for God with the rise of artificial intelligence and humanity's path toward singularity. This is not a conclusion but a beginning, an invitation to challenge questions and co-create. Part 0 is Shravan's personal perspective; Part 1, to be released in four years, will be a collective human vision for the future. *Why? the Single Photon Theory* Zaid Díaz Gandía, 2013-05-17 About The Single Photon Theory Road Map for a Cosmic Vision Science has explored the how and what of reality to unfathomable depths. Is it ready to tell us the why? A photon exists. It is an organized complexity. It is conscience. It provides consciousness to us and to every organized arrangement in the universe, including information, energy, and matter. In fact, it is all the information, energy, and matter in our reality. It has infinite inertia. It is a still spot beyond time and space. The universe is shrunk unto itself. It is the only stationary frame of reference for the universe. **Issa** Kiara Windrider, 2023-08-19 This story began with a Kashmiri princess, Miraan, looking out in the early morning dawn towards a chariot of light being raised towards the heavens, face aglow with a flaming radiance, heart bursting with gratitude and love for all the years she was allowed to share with this most magnificent of men. And as this story began, so it ends. For I am Miraan, who shares this story with you, as I have heard it from his own lips, and as I have witnessed in the years I spent with him. I did not think such a love was possible, a love that grew stronger the more it was shared with all the world. He was a great healer and king, a simple monk and prophet, an extraordinary lover and friend. He was a man like any other, except that he dared himself go where few men had been before. Lovers were never meant to close themselves off from the rest of creation in isolated fantasy. Lovers find each other in every face they encounter, wherever they may be in this world. And so, as I come to the end of this story, I see myself staring back at you, each of you who reads these words and makes this story your own. For my soul knows you. This story will not end until you find yourself mirrored in these words and these acts touching the human as well as the divine spirit that dwells within. Issa was not afraid to declare himself a Son of God, one with the Father of Light. Find your own true heart, likewise, set yourself free. *God, the Creator and Lord of All* Samuel Harris, 1896 **Lord of Creation** Brian Brendan O'Malley, 2005 No other book presents Celtic spirituality in a way that is exciting and enriching for children and young people. Sisodia,2021-05-07 This book says that life will always put you in different situations to deal with and gives you the choice to accept them positively and fight OR keep ignoring them and make excuses for your failures and blaming others including God But when you understand your origin your true self then you will realize that the things you want in your life are already yours You just have to discover your own self and connect with the Supreme Soul The main highlights of this book are Why are people so corrupt Why do people think that pain and suffering are for them but not happiness How many Gods do we have 1 or more than 10 000 How does our mind play games with us What are the ways to control the thoughts created by our own mind Is there a spiritual way to deal with the different situations in life Why are both spiritual and material life important for us Imbalance creates problems The presence of the soul is the proof of the existence of spiritual life on this planet Your body is made up of matter So if you focus on your body mind and ego only then what you will get is stress and anxiety If you focus only on your soul then also you will feel loneliness The best is to create a balance of both How to create this balance is what you will deeply discover in this book If you apply the knowledge of The choice is yours then you can achieve what many would regard as impossible **Superconscious Meditation** Daniel R.
