**The Currents of Exile** Renee Molino, 2004-09-01    **The Exiles** Richard Harding Davis, 1894    *The Life of the Soul* Andrea Gondos, Leore Sachs-Shmueli, 2024-12-01

*The Life of the Soul* surveys the wide ranging theories Jewish mystics have offered to the vexing question what precisely transpires after we die A common element in their theories is that human life is a part of a larger ecosystem of being which also includes plants animals and inanimate things like rocks They further maintained that the soul does not perish with the demise of the body but is rather renewed and recycled into new forms of embodied existence in the lower world Each essay highlights how reincarnation also known as metempsychosis or the transmigration of souls is not a marginalized concept but is instead central to understanding a variety of perplexing issues in Judaism including catastrophic events in Jewish history theodicy the rationale for biblical commandments the complex identity of biblical figures and the issues of sin punishment and redemption Just as the concept of reincarnation is inherently about boundary crossing its investigation similarly bridges diverse epistemic fields and disciplines religion philosophy psychology history ritual gender and cultural studies Weaving together kabbalistic speculations and Jewish philosophical ideas drawn from distinct geographical regions and historical periods this book is poised to serve as a point of departure for future comparative investigations on the life of the soul in Judaism and Eastern religious traditions

**Siberia and the Exile System** George Kennan, 1891    **Eternity Now** Wojciech Tworek, 2019-07-15 The Habad movement formed in eighteenth century Belarus has developed into one of the most influential streams of Hasidic Judaism Drawing on both mystical sermons and legal writings of its founder Rabbi Shneur Zalman of Liady 1745-1812 *Eternity Now* provides the first account of the historiosophical dimensions of early Habad doctrine Challenging the commonly held view that Shneur Zalman was primarily concerned with supratemporal transcendence Wojciech Tworek reveals the importance of time and history in his teachings Tworek argues

that the worldly dimensions of Shneur Zalman's thought were largely responsible for the rapid growth of Habad at the turn of the nineteenth century and fostered its transformation from an elitist circle into a mass movement Tworek's readings of Hebrew and Yiddish sources demonstrate the implications of these ideas not only for male scholars but also for non-scholars Jewish women and even non-Jews Philosophical and kabbalistic thought joined together to form a model of religious experience attractive to a broad audience laying an ideological foundation for the missionary messianism that was to become a hallmark of Habad in the twentieth century

### **Kabbalah and Catastrophe**

Hartley Lachter, 2024-10-22 While premodern kabbalistic texts were not chronicles of historical events they provided elaborate models for understanding the secret divine plan guiding human affairs Hartley Lachter analyzes innovative kabbalistic doctrines such as the idea of reincarnation and the notion of multiple successive universes through which Jewish mystics sought to demonstrate that the misfortunes of Jewish history were in fact necessary steps toward redemption Lachter argues that these works mostly composed between the early 14th century and the generation affected by the Spanish expulsion in the early 16th century enabled Jewish readers to make sense of the troubling misfortunes of their own time Kabbalah and Catastrophe uncovers the remarkable variety of ways that kabbalists deployed esoteric tradition to argue that God had not abandoned the Jews to the inscrutable forces of history Instead they suggested to readers that Jews are history's primary actors and that despite their small numbers and lack of military power Jews nonetheless secretly push history forward For scholars of Jewish mysticism and medieval Jewish history Lachter articulates how premodern mystical texts can be crucial sources of insight into how Jews understood the meaning of history
