**The Poet's Perspective** Charles Peterson : The Poet,2018-10-29 Faith of the Believer is a combination of creative poetry philosophy and wit that is founded on the believer s responsibility to seek to rise up to the standard A standard which was founded by our Savior which came with basic instructions for each believer to go teach and make disciples Poetry is the vehicle philosophy is the wheels on which it rolls and the Word is the fuel which propels it Somewhere within the bounds of Faith of the Believer is a spirit check a personal revival an awakening of your original vow A vow to a faith that you were not drafted into but one that you believe in your heart and confessed with your mouth and freely enlisted So if you are outside of His will then know that there might be something you yet need to do or someone that only you can reach So you might need to get off the sidelines and back in the game a game that we can t afford to lose For we are all here with purpose And time is winding down for the children of man I come to you in the volume of the book with purpose as one crying in the wilderness trying to open the eyes of the children of man before they are harvested by minds of destruction For God called preachers God sent teachers God sent prophets and God sent poets And I am The Poet and this is The Poet s perspective on the faith of the believer *The Epistemological Perspective of the Pearl-Poet* Piotr Spyra,2016-02-17 Original and engaging this study presents the four anonymous poems found in the Cotton Nero MS Pearl Cleanness Patience and Sir Gawain and the Green Knight as a composite text with a continuous narrative While it is widely accepted that the poems attributed to the Pearl Poet ought to be read together this book demonstrates that instead of being analyzed as four distinct though interconnected textual entities they ought to be studied as a single literary unit that produces meaning through its own intricate internal structure Piotr Spyra defines the epistemological thought of Saint Augustine as an interpretive key which when applied to the composite text of the manuscript reveals a fabric of thematic continuity This book ultimately provides the reader with a clear sense of the poet s perspective on the nature of human knowledge as well as its moral implications and with a deeper understanding of how the poems bring the theological and philosophical problems of the Middle Ages to bear on the individual human experience *Prose Poetry in Theory and Practice* Anne Caldwell,Oz Hardwick,2022-06-01 Prose Poetry in Theory and Practice vigorously engages with the Why and the How of prose poetry a form that is currently enjoying a surge in popularity With contributions by both practitioners and academics this volume seeks to explore how its distinctive properties guide both writer and reader and to address why this form is so well suited to the early twenty first century With discussion of both classic and less well known writers the essays both illuminate prose poetry s distinctive features and explore how this outsider form can offer a unique way of viewing and describing the uncertainties and instabilities which shape our identities and our relationships with our surroundings in the early twenty first century Combining insights on the theory and practice of prose poetry Prose Poetry in Theory and Practice offers a timely and valuable contribution to the development of the form and its appreciation amongst practitioners and scholars alike Largely approached from a

practitioner perspective this collection provides vivid snapshots of contemporary debates within the prose poetry field while actively contributing to the poetics and craft of the form

*Poetic Metaphors* Carina Rasse,2022-06-15 Poetry pushes metaphor to the limit Consider how many different dynamic and interconnected dimensions e g text rhyme rhythm sound and many more a poem has and how they all play a role in the ways metaphorical meaning is constructed There is probably no other genre that relies so much on the creator s ability to get his or her message across while at the same time leaving enough room for the interpreters to find out for themselves what a poem means to them what emotions and feelings it evokes and which experiences it conveys This book uses interviews questionnaires and think aloud protocols to investigate the meanings and functions of metaphors from a poet s perspective and to explore how readers interpret and engage with this poetry Besides the theoretical contribution to the field of metaphor studies this monograph presents numerous practical implications for a systematic exploration of metaphors in contemporary poetry and beyond
