**MARKETING MANAGEMENT The Indian Way** Dr. Neelima Kumari, Marketing has emerged as one of the most dynamic and influential business functions in the modern world shaping not only organizational success but also the way consumers live interact and make choices Over the past few decades the discipline has undergone a remarkable transformation from a narrow focus on selling and promotion to a holistic strategic process aimed at creating communicating and delivering value to customers while fostering long term relationships The rapid growth of technology globalization and evolving consumer expectations has added new dimensions to the marketer's role making it more complex analytical and socially accountable than ever before This book Marketing Management The Indian Way has been designed to provide readers with a deep structured and context specific understanding of marketing principles and practices While drawing from

universal marketing theories the book recognizes that India's market landscape is unique characterized by its cultural diversity demographic variety economic disparities and fastpaced digital adoption It is a marketplace where centuries old traditions blend with modern aspirations where rural bazaars coexist with high tech e commerce platforms and where both small local enterprises and multinational corporations compete for the same consumer's attention The content is organized into well defined units covering the entire spectrum of marketing Beginning with fundamental concepts and the evolution of marketing thought the text moves into specialized topics such as consumer behavior segmentation and targeting product and brand management pricing strategies distribution and supply chain dynamics and integrated marketing communications Special emphasis has been given to emerging trends such as digital marketing omni channel retailing and socially responsible business practices Each topic is enriched with Indian market examples industry cases and real world illustrations to help readers connect theory with practice in a relatable manner A distinctive feature of this work is its integration of the Indian perspective into every chapter This approach ensures that students and professionals not only understand global best practices but also develop the ability to adapt and apply them effectively within India's socio economic and cultural context The text also highlights government policies regulatory frameworks and indigenous business models that shape marketing decisions in the country The book is intended for undergraduate and postgraduate students of management marketing professionals seeking to strengthen their strategic understanding and entrepreneurs looking to develop market driven approaches The pedagogical style balances conceptual clarity with practical application ensuring that readers not only learn what marketing is but also how and why it works in a realworld Indian business setting In an era where consumers are more informed markets are more competitive and social responsibility is increasingly important marketing professionals must combine analytical thinking with creativity cultural sensitivity and ethical responsibility It is my hope that Marketing Management The Indian Context will serve as a valuable resource in building these competencies preparing readers to succeed in both domestic and global marketplaces while contributing positively to society Dr Neelima Kumari Assistant Professor Department of Management Ranchi Women's College Ranchi University
