## **The Cronkite Campaign:**

The Cronkite Campaign Christopher J. Widuch,2002 Jack Nelson finds himself at the center of a storm An unexpected candidate for President he is virtually guaranteed to win if he follows the advice of his political advisors But following their advice requires a compromise of his principles and a betrayal of his father s memory Jack Nelson is forced to deal with staff members more concerned with their professional success than his election He and his family must confront a media biased in favor of controversy over accuracy and the threat of scandal created by an unscrupulous incumbent President fighting to hold on to power The Cronkite Campaign is a journey punctuated by choices between what is expedient and what is right Jack Nelson lives in a political world where the best choice is not always clear

*The Influence of Polls on Television News Coverage of Presidential Campaigns* Vincent M. Fitzgerald,2018-06-12 Since the election of Richard Nixon in 1968 to Donald Trump s victory in 2016 both presidential campaigns and television news have undergone significant changes perhaps most noticeably in the use of public opinion polls in campaign reporting by the national evening newscasts of ABC CBS and NBC The Influence of Polls on Television News Coverage of Presidential Campaigns explores how during the past 50 years the three networks have quadrupled their use of polls during general election campaigns while the amount of time spent covering the actual issues facing the nation has dwindled The increasing focus on polls over the years by television news has resulted in an overall diminished quality of journalism which is relying more and more on sensationalism and theatrics The competition between the candidates has become a central focus of reporting which has led to presidential campaigns being covered like sporting events Major party candidates are portrayed increasingly less like potential leaders of the free world and more like athletes who are winning or losing a ballgame The problem is not exit polls prematurely projecting a winner several hours before voting ends but pre election polls which do the same thing weeks before Election Day Recommended for scholars interested in communication political science history and sociology

Speak Softly and Carry a Big Stick J. H. Snider, 2005 Broadcasters have always been coddled by politicians and Speak Softly explains how and why J H Snider tells the story with the rigor of a scholar the doggedness of an investigative reporter and the zeal of a reformer Paul Taylor Executive Vice President Pew Research Center J H Snider offers an extremely comprehensive and well documented look behind the curtain at how the National Association of Broadcasters drives its national legislative agenda This is must reading for not only political scientists but for all who are interested in media policy and how it gets made in Washington Chellie Pingree President and CEO Common Cause This astute book is a first rate work of original scholarship It also provides an unsettling description of broadcasters policy influence When their own interests are involved broadcasters cannot be trusted to act in the way they demand of all others in society Readers will no doubt question whether J H Snider's recommended solution is a practical one But no reader will question his call for new measures Thomas E Patterson Bradlee Professor of Government and the Press Harvard University Having played a role in the mad cap drama of telecommunications legislation Snider documents I can tell you he has captured the essence of the machinations strange bedfellows and almost single minded righteous self interest that drives the telecommunications debate Like it or not this is how the power game is really played Stephen R Effros Former President 1976-1999 Cable Telecommunications Association Speak Softly documents the broadcast industry's striking influence on public policy including the landmark Telecommunications Act of 1996 As Congress gears up to re-write the Act J H Snider's analysis is particularly timely Kevin Werbach Professor The Wharton School University of Pennsylvania
