**A ^APlace to Stand** Julie Lindquist,2002-01-17 Linguists have become increasingly interested in examining how class culture is socially constructed and maintained through spoken language Julie Lindquist's examination of the linguistic ethnography of a working class bar in Chicago is an important and original contribution to the field. She examines how regular patrons argue about political issues in order to create a group identity centered around political ideology. She also shows how their political arguments are actually a rhetorical genre one which creates a delicate balance between group solidarity and individual identity as well as a tenuous and ambivalent sense of class identity

## **The Boys from North**

**Dakota** Robert Battistuzzi,2013-04 It was prom night for the class of 65 in Wattinger North Dakota. In just a few days the Road Demons made up of Gerry Randy Art and Bobby would be heading for the west coast to make big money as lumberjacks and leave a trail of broken hearts. This would be their last trip together before working towards their careers perhaps moving to different cities. However for Bobby this trip is not a certainty. Things were much more simple for the others. He was the only one saving money for college and his strict father did not approve of the trip especially with his friends whom he had felt were wasting their lives spending too much money on their cars. Bobby was faced with the dilemma of trying to please his father whose old fashioned ideals were in conflict with the American way of life or going on this last trip with his friends. Would he show up with the others when it was time to leave. If he did go on the trip what would happen if he returned with no money

However Alex's friends and his parents don't believe this horrifying story is true. Alex on the other hand figure out there really is a monster. But no one believes him even after the mysterious disappearance of a dog and one of the local boys. Not realizing that he could become the monster's next meal Alex goes to the sandpit at night with nothing more than his camera. He is determined to get a picture of the kitten monster to prove that he is right. He ends up riding a roller coaster of mystery suspense and terror as Alex faces the most horrifying experience of his young life
