The Correspondence A Novel:

Selections from the Correspondence of R.E.H. Greyson, Esq. [pseud.] Henry Rogers, 1861 **Letters of a Portuguese Nun by Gabriel de Guilleragues (Book Analysis)** Bright Summaries, 2017-11-03

Unlock the more straightforward side of Letters of a Portuguese Nun with this concise and insightful summary and analysis. This engaging summary presents an analysis of Letters of a Portuguese Nun by Gabriel de Guilleragues, which was originally published in 1669 in the guise of a collection of five genuine letters which had been written in Portuguese and then translated into French. Although completely anonymous, the letters are purportedly written by a young Portuguese nun and addressed to the object of her affections, a French soldier who seduced her and then abandoned her, but whom she still loves passionately. The letters were sensationally popular, but in the following centuries, expert opinion gradually came to the consensus that they were in fact a work of fiction, and that Gabriel de Guilleragues, a diplomat who also served as the French ambassador to the Ottoman court, was probably the author. Find out everything you need to know about Letters of a Portuguese Nun in a fraction of the time. This in-depth and informative reading guide brings you:

- A complete plot summary
- Character studies
- Key themes and symbols
- Questions for further reflection

The Letters of George Santayana, Book Eight, 1948-1952 George Santayana, 2001

Letters from the last years of Santayana's life, written as he completed *Dominations and Powers*, the final volume of his autobiography, and the one-volume abridgement of his early five-part masterwork *The Life of Reason*. This final volume of Santayana's letters spans the last five years of the philosopher's life. Despite the increasing infirmities of age and illness, Santayana continued to be remarkably productive during these years, working steadily until September 1952, when he died of stomach cancer just three months short of his eighty-ninth birthday. Still living in the nursing home run by the Blue Sisters of the Little Company of Mary in Rome, now with such prewar luxuries as hot baths and central heating restored, Santayana completed his book *Dominations and Powers*, which had been more than fifty years in the making, the final part of his autobiography *Persons and Places*, published posthumously in 1953, as *My Host the World*, and the abridgement of his early five-part masterwork *The Life of Reason* into a single volume, all while continuing to maintain a voluminous correspondence with friends and admirers. The eight books of *The Letters of George Santayana* bring together over 3,000 letters, many of which have been discovered in the fifty years since Santayana's death. Letters in Book Eight are written to such correspondents as the young American poet Robert Lowell, whom Santayana thinks of only as a friend and not merely as a celebrity, and to whom he sends a wedding gift of 500. Ira D. Cardiff, the editor of *Atoms of Thought*, a collection of excerpts from Santayana's writings, which Santayana complained portrayed him as more akin to Tom Paine than Thomas Aquinas.

Richard Colton Lyon a young Texan who would later collect Santayana's writings about America in Santayana on America Essays Notes and Letters on American Life Literature and Philosophy 1968 and the humanist philosopher Corliss Lamont *Letters and Papers on Agriculture, Planting, &c.
