

The Cosmopolitans

Jerome Beker, Mordecai Arieli

The Cosmopolitans:

We the Cosmopolitans Lisette Josephides, Alexandra Hall, 2014-03-01 The provocative title of this book is deliberately and challengingly universalist matching the theoretically experimental essays where contributors try different ideas to answer distinct concerns regarding cosmopolitanism Leading anthropologists explore what cosmopolitanism means in the context of everyday life variously viewing it as an aspect of kindness and empathy as tolerance hospitality and openness and as a defining feature of pan human individuality The chapters thus advance an existential critique of abstract globalization discourse The book enriches interdisciplinary debates about hitherto neglected aspects of contemporary cosmopolitanism as a political and moral project examining the form of its lived effects and offering new ideas and case studies to work with

The Occupational Experience of Residential Child and Youth Care Workers Jerome Beker, Mordecai

Arieli, 2013-04-03 From open and straightforward accounts of residential care workers The Occupational Experience of Residential Child and Youth Care Workers shows you how care is handled not how it should be handled This book introduces you to a social reality a sometimes very difficult and challenging social reality as it is viewed by its participants If you want to know more about what is actually going on in residential care and the discontent that workers frequently experience this is the book that lays out the facts the problems and the nature of residential youth centers The Occupational Experience of Residential Child and Youth Care Workers broaches the problem of tension between workers and residents and hopes that bringing the problem out into the open will be a first step toward a solution You learn that the very arrangement of residential care automatically sets up antagonism between the sole group care worker and his her wards residents tend to resist the inherently coercive efforts of the worker who tries to bring them through processes of change and socialization The Occupational Experience of Residential Child and Youth Care Workers will make you think about residential care and conflicts group interaction career satisfaction and dissatisfaction interpretive sociology of education and its methodology social control Interviews with Israeli residential care workers are presented to help you understand the circumstances under which residential care providers experience discontent or job dissatisfaction You learn which workers are most likely to feel discontented and how staff members cope with the stress and discontent they experience Youth care workers policymakers child care staff recruiters supervisors and trainers will find this book sheds much light on the problem of discontent and the need to make child and youth care facilities more humane for residents and staff alike It will also help social work educators and researchers in sociology social work and the social psychology of education get in touch with what goes on inside the walls of residential care centers Between Cosmopolitan Ideals and State Sovereignty R. Tinnevelt, G.

Verschraegen, 2006-10-26 Between Cosmopolitan Ideals and State Sovereignty explores how philosophers and political theorists have recast principles of justice and human rights in the light of challenges posed by globalization It discusses ethical issues that arise at a global level and considers whether human rights and sovereignty can ever be reconciled
