

A black and white photograph of a young man crouching in a field, looking at a large, light-colored object on the ground. The man is wearing a light-colored shirt and dark trousers. The object on the ground appears to be a large, flat, light-colored rock or piece of wood. The background is a field with some sparse vegetation.

**Sundaland: Tracing The Cradle of Civilizations** Dhani Irwanto, 2019-02-22 Sundaland is a bio geographical region of Southeastern Asia which encompasses the Sunda Shelf the part of the Asian continental shelf that was exposed during the Last Ice Age It included the Malay Peninsula on the Asian mainland as well as the large islands of Kalimantan Java and Sumatera and their surrounding islands Sundaland is in the tropics surrounded by oceans and within the Ring of Fire Benefitting from the heavy precipitation volcanic deposits in Sundaland develop into some of the richest forestry and agricultural lands and developed into some of the richest fauna on Earth The vast majority of scholars accept that every living human being is descended from a small group in Africa who then dispersed into the wider world Archaeological and fossil evidence support an early migration of modern humans left Africa and followed the coastlines of Africa Arabia India and Sundaland After migrating from the semi deserted savannas of Africa man first found a place in Sundaland where food was abundant and it was there that they left hunter gatherer culture and invented farming agriculture trading and civilization which made humanity first flourished All this took place during the Last Glacial period The sea levels continued to rise gradually to peak levels about 5 500 years ago causing land loss on tropical coasts with flat continental shelves Cracks in the earth's crust as the weight of the ice shifted to the seas set off catastrophic events compounded by earthquakes volcano eruptions super waves and floods drowned the coastal cultures and all the flat continental shelves of Southeast Asia and wiped out many populations As the sea rolled in there was a mass migration from the sinking continent Genetic studies show that there has been a sharp decline in the population of the world and population turnovers from Southeast East and South Asia to Europe Near East and the Caucasus beginning at the the end of the Younger Dryas period The Younger Dryas disasters are also documented as legends myths or tales in almost every region on Earth observable with tremendous similarities They are common across a wide range of cultures extending back into Bronze Age and Neolithic prehistory The overwhelming consistency among legends and myths of flood and the repopulation of man from a flood hero similar to the Noah Flood are found in distant parts of the Earth The myths similar to the Garden of Eden Paradise or Divine Land echo among the populations around the world Memories of their origin are documented in their legends such as the stories of Atlantis Neserser Land of Punt Land of Ophir Kumari Kandam Kangdez and Taprobana Pyramids spread in many parts of the world and emerged separately from one another by oceans who supposedly never discovered each other's existence Those indicate that they were derived from a common origin Further scholastic belief by etymologists and linguists are positive that all world languages sprang from a common source

**The Cradle of Words** Valeria López Fadul, 2025-01-14 How languages served as archives of local knowledge and a crucial resource for both the human and natural history of the Americas in the Spanish empire In the sixteenth century the conquest of the Americas exposed Spanish writers to previously unknown peoples and their many languages The linguistic multiplicity of the new transatlantic empire presented enormous

challenges both in terms of governance and religious conversion Yet it also became a crucial resource for learning about the new territories history both natural and human In *The Cradle of Words* Valeria L pez Fadul reveals that Spanish scholars missionaries and administrators treated the empire s multiple tongues both at home and abroad as rich archives of local knowledge These linguistic resources were exploited alongside the Americas vast mineral and natural wealth and Indigenous labor In the process Spanish scholars made language itself into an object of historical inquiry Using a wide variety of sources L pez Fadul recreates the intellectual networks that crisscrossed Spain s overseas possessions and informed the imperial court s scholars As linguistic information circulated among different kinds of scholars and local experts in Spain and in Spanish America the history of language came to serve historical political and even legal arguments that were not originally linguistic in nature By relying on varied methods like the collection of words etymology and the elaboration of linguistic genealogies Spanish writers used the history of language to reconstruct the past gain knowledge of nature and explain the profound social transformations of their newly broadened world *From the Cradle to the Grave ...* William P.
