**The plague dogs** Richard Adams,1974    *The Plague Dogs* ,2005    *The Plague Dogs* Richard Adams,2010-11-03 This modern day classic is an unforgettable tale of fantasy and adventure a powerful exploration of the limits of human cruelty and kindness A gripping compelling tale of emotional force and high suspense The Wall Street Journal Rowf a shaggy black mongrel and Snitter a black and white fox terrier are among dozens of animals being cruelly held in a testing facility in North West England When one of the handlers fails to close Rowf s cage properly the two dogs make a daring escape into the English countryside where they befriend a red fox who helps them survive in the wild But as rumors circulate that the dogs may have been the test subjects for biological weapons and could be carrying a terrible plague they soon find themselves targets of a great dog hunt Local farmers politicians scientists and even the military join in the search to track them down

Animal Narratology Joela Jacobs,2020-12-15 Animal Narratology interrogates what it means to narrate to speak speak for on behalf of and to voice or represent life beyond the human which is in itself as different as insects bears and dogs are from each other and yet more as individual as a single mouse horse or puma The varied contributions to this interdisciplinary Special Issue highlight assumptions about the human perception of attitude toward and responsibility for the animals that are read and written about thus demonstrating that just as the animal does not exist neither does the human In their zoopoetic focus the analyses are aware that animal narratology ultimately always contains an approximation of an animal perspective in human terms and terminology yet they make clear that what matters is how the animal is approximated and that there is an effort to approach and encounter the non human in the first place Many of the analyses come to the conclusion that literary animals give readers the opportunity to expand their own points of view both on themselves and others by adopting another s perspective to the degree that such an endeavor is possible Ultimately the contributions call for a recognition of the many spaces moments and modes in which human lives are entangled with those of animals one of which is located within the creative bounds of storytelling

**Gothic Animals** Ruth Heholt,Melissa Edmundson,2019-12-10 This book begins with the assumption that the presence of non human creatures causes an always already uncanny rift in human assumptions about reality Exploring the dark side of animal nature and the otherness of animals as viewed by humans and employing cutting edge theory on non human animals eco criticism literary and cultural theory this book takes the Gothic

genre into new territory After the dissemination of Darwin s theories of evolution nineteenth century fiction quickly picked up on the idea of the animal within Here the fear explored was of an unruly defiant degenerate and entirely amoral animality lying mostly dormant within all of us However non humans and humans have other sorts of encounters too and even before Darwin humans have often had an uneasy relationship with animals which as Donna Haraway puts it have a way of looking back at us In this book the focus is not on the animal within but rather on the animal with out other and entirely incomprehensible *Creative Compassion, Literature and Animal Welfare* Michael J. Gilmour,2020-10-27 This book examines animal welfare themes in fiction and considers how authors of the last two centuries undermine dominative attitudes toward the nonhuman Appearing alongside the emerging humane movements of the nineteenth century and beyond is a kind of storytelling sympathetic to protectionist efforts well described as a literature of protest Compassion inclined tales like the Dolittle adventures by Hugh Lofting educate readers on a wide range of ethical questions empathize with the vulnerable and envision peaceful coexistence with other species Memorable characters like Black Beauty and Beautiful Joe Ivan the gorilla and Louis the trumpeter swan Hazel and Cheeta Mr Bultitude and Doctor Rat do not merely amuse They are voices from the margins who speak with moral urgency to those with ears to hear This broad survey of ethical themes in animal fiction highlights the unique contributions creative writers make toward animal welfare efforts *The International Fiction Review* ,1988 *The Rise of Our East African Empire* Frédéric D.
