

think about the BIG PICTURE!

Explain why you're teaching something to a young writer.

# TEACHING POINTS

WHEN TO USE

HOW TO WRITE

Be specific!

THINK: "Teach the writer, not the writing."

These strategies should help students as writers (not just for use on one piece of writing).

## DELIVER TEACHING POINTS

→ WHOLE CLASS

- \* minilessons
- \* midworkshop interruptions
- \* share sessions

→ MORE INDIVIDUALIZED

- \* 1:1 conferences
- \* partner conferences
- \* strategy lessons

ASK & THINK: What kinds of things can I demonstrate to students to help them become stronger writers?

- Tip:
- Repeat a teaching point  $\approx$  4 times during a mini-lesson. Keep language consistent.

## A TEACHING POINT SHOULD...

- 1 Name the strategy.
- 2 Explain how to do it.  
→ Do not keep it a secret!  
→ About 2-3 sentences long.

SHARE TEACHING POINTS  
FOR FUTURE REFERENCE  
NO SECRET

SHOW how you or another WRITER uses a strategy.

When you deliver a teaching point, start with:

- ① Today I want to teach you...
- ② One strategy I use when I write...
- ③ Many writers find it helps to...

Leave teaching points as tangible artifacts after a conference.

## **The Point Where Teaching Writing Intersect:**

The Intersection of Library Learning and Second-Language Learning Karen Bordonaro, 2013-12-01 Language learning and library learning in a university setting are closely related endeavors that intersect at various times and locations and with various teachers and learners. This book is an examination of how these intersections are experienced by language learners. Its aim is to explore the two types of learning to help sustain and develop the learning in both areas. The Intersection of Library Learning and Second Language Learning Theory and Practice is aimed at practitioners both librarians and language instructors and describes everyday scenarios which will resonate with academic librarians and language instructors. It presents practical experiences and accompanies them with a consideration of the literature of both librarianship and language education. It reviews and evaluates professional practices employed by working librarians and language instructors in their dealings with international students. Considerations of the intersections between language learning and library learning are placed within a theoretical framework of learner autonomy. This framework offers librarians and language instructors methods and practices that enable students to take control of their learning in the areas of both language learning and library learning. A concluding chapter offers ways to connect the framework of learner autonomy to settings outside that of a university context. *Resources in Education*, 1990 *Pitman's Journal of Commercial Education*, 1892
