**Literacy in a Multilingual Society** Albert Weideman,John Read,Theo du Plessis,2020-11-02 South African universities face  
major challenges in meeting the needs of their students in the area of academic language and literacy The dominant medium

population are native speakers of these languages Nine other languages can be media of instruction in schools which makes  
the transition to tertiary education difficult enough in itself for students from these schools The focus of this book is on  
procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students  
from higher education but rather to identify those who would benefit from further development of their ability in order to  
undertake their degree studies successfully The volume also aims to bring the innovative solutions designed by South African
