Magic To The Bone:

Magic to the Bone Devon Monk,2011-10-13 Using magic meant it used you back Forget the fairytale hocus pocus sparkles and pixie dust crap Magic like booze sex and drugs gave as good as it got Everything has a cost And every act of magic exacts a price from its user maybe a two day migraine or losing the memory of your first kiss But some people want to use magic without paying and they Offload the cost onto innocents When that happens it falls to a Hound to identify the spell s caster and Allie Beckstrom is the best there is Daughter of a prominent Portland businessman Allie would rather moonlight as a Hound than accept the family fortune and the strings that come with it But when she discovers a little boy dying from a magic Offload that has her father s signature all over it Allie is thrown into the high stakes world of corporate espionage and black magic

Magic in the Shadows Devon Monk,2009-11-03 Allison Beckstrom s magic has taken its toll on her physically marking her and erasing her memories including those of the man she supposedly loves But lost memories aren t the only things preying on Allie s thoughts Her late father the prominent businessman and sorcerer Daniel Beckstrom has somehow channeled himself into her very mind With the help of The Authority a secret organization of magic users she hopes to gain better control over her own abilities and find a way to deal with her father

Why did you choose to write a fantasy book that heavily involves a cell phone? Phones are a huge part of everyday life. Smart phones are these tiny pieces of massive technology we use everyday without really thinking about how astounding they are. But what if phones could be used for more than just scrolling through social media? What if an entire magical library could be hidden in your pocket? I wanted modern convenience to meet magic in a new way. What does Bryant Adams bring to the world of wizards that readers haven't seen before? Bryant Adams is not your standard hero. He is not the chosen one and the world may be doomed if he's in charge of saving us all. Bryant is a geek, the nerdy sidekick of the coolest kid in high school who's trying really hard to survive being a wizard but is too terrified to talk to the girl of his dreams. He's just a boy trying to get through his teen years without too much emotional damage and then magic happens. Who would enjoy this book? If you like humor with a touch of snark, romance with a hint of wit and magic that might destroy the world as we know it, Bryant Adams is the wizard for you. *The Tale of Bryant Adams* is a humorous paranormal survival story told in four books following the misadventures of a teen in New York City who opens a seemingly non-magical fire app on a phone and causes epic chaos of modern wizard proportions. What follows is a hilarious romp through and under the streets of Manhattan. Get ready to laugh out loud as Bryant faces mythical beasts, legendary witches and worst of all the horrors of high school. The complete series of *The Tale of Bryant Adams* is now available so get ready for a binge-worthy fantasy adventure. *The Geek's Guide to Wizarding Mastery in One Epic Tome* is a box set perfect for fans of Kami Garcia, Rick Riordan, Jeff Strand, Terry Pratchett, Ransom Riggs, Missy Sheldrake, Anthea Sharp, J.C. Gilbert, Meg Collette and TR Cameron. Step Two: Steal back the books and bring them to New York. Step Three: Declare wizarding domination. I feel like this is a pretty solid plan. I'm probably wrong. *The Tale of Bryant Adams* is a humorous paranormal survival story told in four books following the misadventures of a teen in New York City who opens a seemingly non-magical fire app on a phone and causes epic chaos of modern wizard proportions.
