Paleoamerican Odyssey Kelly E. Graf, Caroline V. Ketron, Michael R. Waters, 2014 As research continues on the earliest migration of modern humans into North and South America the current state of knowledge about these first Americans is continually evolving Especially with recent advances in human genomic studies both of living populations and ancient skeletal remains new light is being shed in the ongoing quest toward understanding the full complexity and timing of prehistoric migration patterns Paleoamerican Odyssey collects thirty one studies presented at the 2013 conference by the same name hosted in Santa Fe New Mexico by the Center for the Study of the First Americans at Texas A M University Providing an up to date view of the current state of knowledge in paleoamerican studies the research gathered in this volume presented by leaders in the field focuses especially on late Pleistocene Northeast Asia Beringia and North and South America as well as dispersal routes molecular genetics and Clovis and pre Clovis archaeology **Restructuring Schooling for**

Individual Students William M. Bechtol, Juanita S. Sorenson, 1993 Current research in education reveals a system that consistently delivers disappointing results Recent reforms developed in response to the Nation at Risk report have in many cases been so restrictive that they have actually aggravated the problem increasing retention and drop out rates and producing even more high school graduates who must take remedial courses in college The authors of this timely book believe that one of the root causes of this educational decline is the failure of traditional methods and curricula to meet the needs of an increasingly diverse and multicultural school population Their solution Restructure public schools to accommodate the variety of student learning aptitudes present in today s classroom and give students a greater opportunity to be successful In these pages you ll find a number of ways to accomplish these goals And you ll discover a variety of innovative programs that are succeeding in public schools right now including programs from eight model schools across the country that show many of these ideas in action Throughout the book the authors focus on options for restructuring that are practical and inexpensive to implement in any school system They present detailed descriptions of classroom strategies and curriculum approaches that will be helpful to pre service and in service teachers and to administrators interested in the many restructuring options available Specific strategies for effective teaching are discussed including the direct teach method mastery learning cooperative learning the whole language approach to teaching reading and writing and early intervention reading programs The authors also present a complete learning how to learn curriculum that emphasizes process as well as content Other important topics covered in depth include teaching and learning styles management and motivation parent school community partnerships and staff development A sample staff development sequence is included in Chapter 10
