**Getting and Giving, Or, The Stewardship of Wealth** William Marion Weekley, 1904     *The Institute Tie*, 1908     **Entrusted: Stewardship For Responsible Wealth Creation** Boon Hwee Ong, Mark Goyder, 2019-10-01 Financial Times Business Book of the Month October 2019 Entrusted offers plenty of examples of companies that follow a successful long term stewardship model The authors walk readers through the stewardship value chain and lay out the stewardship responsibilities of board investors and the state this is a timely call to rediscover the path to more sustainable capitalism Financial Times Business Book of the Month October 2019 Our system of wealth creation is at a crossroads It has contributed to economic and social progress Yet it has also fuelled many problems from climate impacts and air pollution to digital manipulation and the invasion of privacy In many parts of the world there are demands for government action to restrain greed irresponsibility and short termism But what about positive solutions How do we define the contributions that we all want business and investment to make That is the challenge to which Ong Boon Hwee and Mark Goyder respond They argue that if our societies are to be set on a forward looking virtuous cycle and a less damaging course we will need every ounce of human ingenuity the inventiveness of entrepreneurs the dynamism of companies and the adaptability of markets We need a sense of ownership and purpose anchored on strong values We need to be better at valuing the future and rewarding those whose work will benefit future generations We need a better form of capitalism one which while promoting competition is there to serve and not dominate to respect human beings and not exploit them to nurture our surrounding environment and not destroy it This will only be achieved by injecting the spirit and principles of stewardship into the decisions of investors business leaders regulators and citizens The authors draw on their combined experience gelling the perspectives of East and West to offer a vision and agenda for responsible wealth creation Stewardship means that we manage nurture and grow what has been entrusted to us so that we hand it over in a better condition to the next generation This book offers ideas and guidance for people in all levels of business asset owners asset managers investors shareholders board directors management policymakers and regulators It is a handbook for all those willing to play their part in responsible wealth creation now and for future generations It says to each participant consider what you have been entrusted with and then decide what you are doing about your stewardship responsibilities     **The**
