I think this book is likely to become the bible of graduate students preparing for qualifying examinations for their doctorate in interpersonal communication particularly if cultural variables are included in such preparation. Professionals in this area will of course want to have it. It is recommended to all readers of this journal Harry Triandis International Journal of Intercultural Relations. This book provides a welcome addition to the literature on human interaction. The coverage of most areas is impressive. The authors have amassed a considerable volume of material and have managed to compress a very detailed discussion into a comparatively small space. The material is logically organized and succinctly presented throughout a valuable reference source. A thoroughly researched and tightly written book which contributes significantly to the corpus scholarship in both interpersonal and intercultural communication. It is highly recommended as a reference source for anyone interested in these increasingly important areas of research Canadian Journal of Communication. The authors have integrated an impressive array of literature. This book is timely and will help give direction to culture and communication research over the next decade.
