*Cue* ,1971    **Cue** ,1966    *Ellery Queen's Mystery Magazine* ,1972    *Presidents in Crisis* Michael K. Bohn,2015-02-10 Every American president when faced with a crisis longs to take bold and decisive action When American lives or vital interests are at stake the public and especially the news media and political opponents expect aggressive leadership But contrary to the dramatizations of Hollywood rarely does a president have that option In Presidents in Crisis a former director of the Situation Room takes the reader inside the White House during seventeen grave international emergencies handled by the presidents from Truman to

Obama from North Korea's invasion of South Korea to the revolutions of the Arab Spring and from the thirteen days of the Cuban Missile Crisis to the taking of American diplomats hostage in Iran and George W Bush's response to the attacks of September 11 2001. In narratives that convey the drama of unfolding events and the stakes of confrontation when a misstep can mean catastrophe, he walks us step by step through each crisis, laying out the key players and personalities and the moral and political calculations that the leaders have had to make. He provides a fascinating insider's look at modern presidential decision making and the fundamental role it of human frailty.
