## **The Jonah Man:**

The Jonah Man Henry Carlisle, 1985      *The Jonah Man* Jack Denson, 2003-03-01      **Introducing Bert Williams** Camille F. Forbes, 2008-08-01 It is not hard to argue that every black performer in show business owes something to Bert Williams Discovered in California in 1890 by a minstrel troupe manager Williams swiftly became a regular player in the troupe Traveling on from the rough and ready medicine shows that then dotted the West he rose through the ranks of big time vaudeville in New York City and finally ascended to the previously all white pinnacle of live stage success the fabled Ziegfeld Follies on Broadway In spite of his triumphs he brought the first musical with an all black cast to Broadway in 1903 he was often viewed by the black community with more critical suspicion than admiration because of his controversial decision to perform in blackface Modest private and conservative in his personal life Williams left political activism and soapbox thumping to others More than the simple narration of a remarkable life *Introducing Bert Williams* offers a fascinating window into the fraught issues surrounding race and artistic expression in American culture The story of Williams's long and varied career is a whirlwind of inner turmoil racial tension glamour and striving nothing less than the birth of American show business      **City Songs and American Life, 1900-1950** Michael L. Lasser, 2019 Nothing defines the songs of the great American songbook more richly and persuasively than their urban sensibility During the first half of the twentieth century songwriter such as Harold Arlen Irving Berlin Dorothy Fields George and Ira Gershwin and Thomas Fats Waller flourished in New York City the home of Tin Pan Alley Broadway and Harlem Many of these remarkably deft and forceful creators were native New Yorkers Others got to Gotham as fast as they could Either way it was as if from their vantage point on the West Side of Manhattan these artists were describing America not its geography of politics but its heart to Americans and to the world at large In *City songs and American life 1900 1950* renowned author and broadcaster Michael Lasser offers an evocative and probing account of the popular songs including some written originally for the stage or screen that America heard and sang and danced to during the turbulent first half of the twentieth century Lasser demonstrates how the spirit of the teeming city pervaded these wildly diverse songs Often that spirit took form overtly in songs that portrayed the glamor of Broadway of the energy and jazz age culture of Harlem But a city bred spirit or even a specifically New York City way of feeling and talking also infused many other widely known and loved songs stretching from the early decades of the century to the twenties the age of the flapper bathtub gin and women's right to vote the Great Depression and finally World War II Throughout this remarkable book Lasser emphasizes how the soul of city life as echoes in the nation's songs developed and changed in tandem with economic social and political currents in America as a whole Dust jacket flap

*Minstrel Traditions* Kevin Byrne, 2020-05-06 *Minstrel Traditions Mediated Blackface in the Jazz Age* explores the place and influence of black racial impersonation in US society during a crucial and transitional time period Minstrelsy was absorbed into mass culture media that was either invented or reached widespread national prominence during this era

advertising campaigns audio recordings radio broadcasts and film *Minstrel Traditions* examines the methods through which minstrelsy's elements connected with the public and how these conventions reified the racism of the time This book explores blackface and minstrelsy through a series of overlapping case studies which illustrate the extent to which blackface thrived in the early twentieth century It contextualizes and analyzes the last musical of black entertainer Bert Williams the surprising live career of pancake icon Aunt Jemima a flourishing amateur minstrel industry blackface acts of African American vaudeville and the black Broadway shows which brought new musical styles and dances to the American consciousness All reflect and sometimes incorporate the mass culture technologies of the time either in their subject matter or method of distribution Retrograde blackface seamlessly transitioned from live to mediated iterations of these cultural products further pushing black stereotypes into the national consciousness The book project oscillates between two different types of performances the live and the mediated By focusing on how minstrelsy in the Jazz Age moved from live performance into mediatized technologies the book adds to the intellectual and historical conversation regarding this pernicious racist entertainment form Jazz Age blackface helped normalize new media technologies and that technology extended minstrelsy's influence within US culture *Minstrel Traditions* tracks minstrelsy's social impact over the course of two decades to examine how ideas of national identity employ racial nostalgias and fantasias This book will be of great interest to scholars and researchers in theatre studies communication studies race and media and musical scholarship
