**Transforming Literature into Scripture** Russell

Hobson,2014-09-19 Transforming Literature into Scripture examines how the early textual traditions of ancient Israel stories laws and rituals were transformed into sacred writings By comparing evidence from two key collections from antiquity the royal library at Nineveh and the biblical manuscripts from the Dead Sea Scrolls the book traces the stabilisation of textual traditions in the ancient Near East towards fixed literary prototypes The study presents a new methodology which enables the quantification categorisation and statistical analysis of texts from different languages writing systems and media The methodology is tested on wide range of text genres from the cuneiform and biblical traditions in order to determine which texts tend towards stabilised forms Transforming Literature into Scripture reveals how authoritative literary collections metamorphosed into fixed ritualised texts and will be of interest to scholars across Biblical Judaic and Literary Studies
