**Temple of the Sun and Moon** Robin Fennelly, 2016-02-04 *Temple of the Sun and Moon* provides the reader with the tools to achieve a deeper understanding of and connection to the Solar and Lunar energies. You will find some theory but only just enough to whet your appetite for more. The majority of the teachings are offered through the tools of prose, poetry, and pathworking as a way of creating a richer, more sensorial experience in developing a daily practice of luminous devotions. Part One begins with a simple pathworking of connection to Earth, our home in this greater Cosmos. Parts Two and Four explore the energy of the Sun and the Moon in their physical and spiritual forms. Parts Three and Five are poetic and prose renditions of devotionals that arose from experience, ritual, meditation, and communion with the Sun and the Moon. Additionally, there is exploration of the Sun and the Moon within the discipline of the Hermetic Qabalah.
