Palestinian Leadership on the West Bank (RLE Israel and Palestine) Moshe Maoz, 2015-05-22 The West Bank has for generations been the core area of the Palestinian Arab community and of its national movement Since 1967 it has become the main area of confrontation in the prolonged conflict between Palestinian Arab and Jewish Zionist nationalism The Palestinian armed organization the PLO which has undertaken to lead the nationalist struggle of their people was for long periods unable to operate on the West Bank because of strict security measures taken by the Jordanian and Israeli governments respectively Consequently the Palestinian mayors in the West Bank who under Jordanian rule 1948-1967 had served as ruling instruments of the government gradually became under Israeli control the political spokesmen of their communities This book first published in 1984 examines this remarkable change in the role of the West Bank Palestinian mayors and their transformation since the early 1970s from conservative moderate figures into radical nationalist leaders Against the background of the developing Palestinian and Israeli militant nationalism in the West Bank the study analyses the complex relations between these new leaders and the governments of Israel and Jordan as well as the PLO command until their final eviction by Israel in 1982

Zion Before Zionism, 1838-1880 Arnold Blumberg, 2007 This book studies the interaction of the European Turkish and Palestinian natives for a forty two year period just prior to when the great Jewish immigration to Palestine began It examines the interplay between the native Palestinian population the essentially foreign Turkish government imposed on them and the aggressive ambitions of Christian nations represented by their consuls Most important of all 1838 marks the first year in which the Turks recognized the right of foreign non Moslems to lease property for permanent residence in a city sacred to Islam It was to be another twelve years before the purchase of property by foreign infidels became possible at the Holy City It was to be a full twenty years before the Turks codified a Land Registry Law in 1858 Nevertheless the mere beginning of permanent residence at Jerusalem for foreign Jews and Christians makes 1838 a milestone year It is therefore important for any study of what is today modern Israel to examine the years 1838 1880 Those crucial forty two years form the unique and essential incubative time period without which Zionism could never have prospered in Zion
