Charles William Heckerthon

The Hidden Temple:

The Secret Temple Peter Levenda, 2020-08-15 This is a unique history of Masonry written from the perspective of an educated outsider. The author is sympathetic to Masonic goals a historian of secret societies and political conspiracies and an exhaustive researcher. He looks back to the earliest roots of the Craft and then traces its influence into modern times. From the Bible's Temple of Solomon through the Knights Templars to the Rosicrucians and Illuminati we learn of Masonry's roots and early history. Enlightenment philosophy and the revolutionary currents of eighteenth century Europe opened an opportunity for the American experiment. Sacred geometry and architecture combined to create Washington DC and the rest as they say is history. This second revised and enlarged edition includes a new chapter on Freemasonry in South America from the revolution of Simón Bolívar to the capture and execution of Che Guevara.
