**Rembrandt** Ernst van de Wetering,2009-04-06 Ernst van de Wetering s wonderful book has taken us further than almost any study over the past twenty years towards an understanding of the machinery of Rembrandt s genius No one attempting to write about Rembrandt in the future will be able to do so without taking this fine work into account Simon Schama Who would not have wanted to look over Rembrandt s shoulder while he painted Among the countless books on Rembrandt that by Ernst van de Wetering comes closest to conveying something of this experience because the author combines the qualifications of a trained connoisseur and of a practising painter Ernst Gombrich      The Rembrandt Secret Alex Connor,2011-01-20 A centuries old conspiracy is about to explode into the present with devastating consequences The first victim was forced to swallow stones The second was whipped to death The third was stabbed in the heart A deadly serial killer is taking people down across London and New York What did they all know Why were they butchered Who else is in the killer s sights And how can they be stopped Inspired by real events in the artist s life The Rembrandt Secret is an incredible page turner that combines deadly murder and the hidden truth behind one of the world s most famous artists
