The Gun That Made The Twenties Roar:

The Gun That Made the Twenties Roar William J. Helmer, 1969 [The Gun That Made the 20's Roar](#) William J. Helmer, 2016-09-28 The thesis evolved into the first biographical history of General Thompson and the submachine gun that was published by the Macmillan Company as *The Gun That Made The Twenties Roar* It received favorable reviews in Newsweek The Washington Post's book section and more than a dozen newspapers that had book columns at the time A few years later a photocopied edition of the original book was printed by Gun Room Press to accompany a longer barreled semi automatic version Thompson then being marketed by Numrich Arms and it included an additional chapter on the Numrich gun by George Nonte that is not included in this second edition Since then any number of books and articles have retold the Thompson story but the only one that greatly expands on this edition especially in manufacturing details is *The Ultimate Thompson Book* published in 2009 by Tracie Hill founder of The American Thompson Association I want to thank Tracie for most of the additional photos that appear in this edition I also want to thank David Albert former president of TATA for putting me in touch with Chipotle Publishing Company which presents this second edition one hundred years after the founding of the Auto Ordnance Corporation It is expanded with boxes and an additional chapter that updates the original book that was published in 1969

Lethal Passage Erik Larson, 2011-07-27 This devastating book illuminates America's gun culture its manufacturers dealers buffs and propagandists but also offers concrete solutions to our national epidemic of death by firearm Touches on all aspects of the gun issue in this country Gives great voice to that feeling that something real must be done San Diego Union Tribune One of the most readable anti gun treatises in years Washington Post Book World It begins with an account of a crime that is by now almost commonplace on December 16 1988 sixteen year old Nicholas Elliot walked into his Virginia high school with a Cobray M 11 9 and several hundred rounds of ammunition tucked in his backpack By day's end he had killed one teacher and severely wounded another In *Lethal Passage* Erik Larson shows us how a disturbed teenager was able to buy a weapon advertised as the gun that made the eighties roar The result is a book that can and should save lives and that has already become an essential text in the gun control debate

Enter the Babylon System Rodrigo Bascunan, Christian Pearce, 2010-06-18 A docu style investigation of our fascination with the gun from the perspective of the hip hop generation The 2003 shooting death of Toronto community centre worker Kempton Howard put the spotlight on hip hop's fixation with guns Media and police soon blamed rap music and its tales of gang life on bullet ridden US streets for the rising use of firearms in Canadian crime Were these songs artful accounts of a terrible truth or a self fulfilling prophecy Rodrigo Bascunan and Christian Pearce have interviewed many of the major players in the hip hop world As publishers of an award winning magazine of urban culture they'd watched rap music become a scapegoat for society's much older and widely spread fascination with guns What follows is their international adventure to deconstruct modern gun culture in all its manifestations Bascunan and Pearce seek out hip hop artists illegal gun runners firearms
