The Guns Of Sacramento:

The Guns of Sacramento Geoffrey Allen, David Allen, 1978 The Portuguese galleon Sacramento was one of the great men o war of the seventeenth century Like so many others though her potential was never released Weighted down with her cargo a freak storm during her maiden voyage in 1617 drove her onto the rocks of Port Elizabeth where she broke up a loss that dealt a heavy blow to Portugal s global strategy This book traces that event then moves on to the discovery and salvage of the Sacramento by David Allen and colleague Gerry van Nickerk in 1976 *The Gun, Rod and Saddle : Or, Nine Months in California* Isaac Mast, 1875 **Rifle, Rod, and Gun in California** Theodore Strong Van Dyke, 1889 **Report of the California State Agricultural Society** , 1876 **Guns in American Society** Jaclyn Schildkraut, Gregg Lee Carter, 2022-12-01 The revised third edition of the landmark Guns in American Society provides an authoritative and objective survey of the history and current state of all gun related issues and areas of debate in the United States Guns in American Society An Encyclopedia of History Politics Culture and the Law is a comprehensive and evenhanded three volume reference resource for understanding all of the political legal and cultural factors that have swirled around gun rights and gun control in America past and present The encyclopedia draws on a vast array of research in criminology history law medicine politics and social science It covers all aspects of the issue gun violence including mass shootings in schools and other public spaces gun control arguments and organizations gun rights arguments and organizations the firearms industry firearms regulation legislation and court decisions gun subcultures for example hunters and collectors leading opinion shapers on both sides of the gun debate technological innovations in firearm manufacturing various types of firearms from handguns to assault weapons and evolving public attitudes toward guns Many of these entries place the topics in both historical and cross cultural perspective *Report of the California State Agricultural Society* California State Agricultural Society, 1893 [Transactions of the California State Agricultural Society](#) California State Agricultural Society (Sacramento, Calif.), 1876 **History of California: 1846-1848** Hubert Howe Bancroft, 1886 *History of California* Hubert Howe Bancroft, 1886 [The Works of Hubert Howe Bancroft: History of California. 1884-90](#) Hubert Howe Bancroft, 1886 *Gun Control in the United States* Gregg Lee Carter, 2017-01-23 This up to date second edition work will stimulate and clarify readers thinking on the key issues surrounding guns in the United States especially on the debate over gun control Most public debate and discussion about guns in U S society is rarely guided by research not surprising as most individuals have a personal opinion on this highly inflammatory topic based on their upbringing or personal experiences Additionally most research about gun use in America is confusing and contradictory making it difficult for citizens to gain much from their attempts to investigate the topic objectively This book offers concise understandable coverage of all aspects of the issue including incidence of gun violence gun control gun rights government regulation legislation and court decisions gun organizations for gun control and for gun rights gun enthusiast subcultures for example hunters target shooters and

collectors and U S attitudes toward guns Many of the covered topics are placed in historical and cross cultural perspective The new edition of Gun Control in the United States A Reference Handbook enables the reader to navigate and interpret the research to become sufficiently educated on any specific aspect of the gun issue to make an informed decision for example whether to support stricter or more lenient gun control whether to become a gun owner whether to support a particular political party or candidate or whether to develop or to refine a particular philosophy regarding guns Other aspects of the contemporary gun debate that are addressed include whether the Supreme Court s ruling that the Second Amendment guarantees an individual right will withstand future challenges whether the strong gun regulations used in Europe would be effective and applicable in reducing gun violence in the United States and whether the diversity explosion created by the high rate of immigration from countries where guns are strictly controlled will soon change the politics of the U S gun control debate

Gun Rights Activists and the US Culture War Joe Anderson,2024-02-23 Gun Rights Activists and the US Culture War is a political anthropology book which explores how firearms can become associated with processes of identity formation as well as acting as symbols of national belonging and embodied safety In the years following Donald Trump s election an increasingly polarised population is taking up arms against each other more often than ever before Based on 12 months of participant observation at gun ranges activist meetings handgun courses and political events as well as interviews with gun rights activists in San Diego County this book argues that US conservative identity is saturated with concerns about ethics gender and who can wield violence legitimately The book focuses on two gun rights organisations the first a conservative predominantly white and male political action committee the second a pro LGBTQ firearms training group run by trans women This book demonstrates how gun ownership gives Americans the perceived means to enact their political will through the threat of or actual organized violence and that this perceived capacity explains why guns remain objects that continue to inspire such devotion and debate Gun Rights Activists and the US Culture War will be of interest to scholars and students in anthropology gender studies ethnic studies sociology and politics as well as a general audience of narrative non fiction readers
