The Hidden Spark:

Ancient Tarot Secrets Dennis J. Wilson, 2023-01-27 A spiritual path to enlightenment is analogous to climbing a mountain where the goal is to reach the top Enlightenment can be considered as the top of the mountain There are as many ways to the top of the mountain as there are individuals who climb it The end goal for each is the same However the action of the climb is the only way to achieve the goal of enlightenment The spiritual knowledge hidden in the Major Arcana of the Tarot provides a basis for any individual's path to enlightenment It is not the only path to enlightenment but it has endured from ancient times and is available to any individual who is willing to learn the knowledge and apply it to their daily life The spiritual knowledge that was hidden in the Tarot is a map to the gate that leads to life It is the gate that is spoken of by Christ that is the narrow and the hard way and those who find it are few The Tarot shows the way to be one of the few
