in detail at the state religion culture and geographical setting and how they combined in this unusually enduring civilization From the beginning of Egyptian culture to the rediscovery of the pharaohs the book covers the totalitarian theocracy the empire of the Nile the structure of dynastic Egypt the dynastic way of death hieroglyphs the anatomy of perspective art and finally the decline and fall of the pharaohs Johnson seeks through an exciting combination of images and analysis to discover the causes behind the collapse of this great civilization while celebrating the extra ordinary legacy it has left behind Paul Johnson on Ancient Egypt and the Egyptians Egypt was not only the first state it was the first country The durability of the state which thus evolved was ensured by the overwhelming simplicity and power of its central institution the theocratic monarchy The Egyptians did not share the Babylonian passion for astrology but they used the stars as one of many guides to behavior No Egyptian believed in a free exercise of will in important decisions he always looked for an omen or a prophecy or an oracle The development of hieroglyphics mirrors and epitomizes the history of Egyptian civilization No one outside Egypt understood it and even within Egypt it was the exclusive working tool of the ruling and priestly classes The great mass of Egyptians were condemned to illiteracy by the complexities and also the beauties of the Egyptian written language The affection the Egyptians were not ashamed to display towards their children was related to the high status women enjoyed in Egyptian society If we can understand Egyptian art we can go a long way towards grasping the very spirit and outlook on life of this gifted people so remote in time The dynamic of their civilization seems to have been a passionate love of order maat to them by which they sought to give to human activities and creations the same regularity as their landscape their great river their sun cycle and their immutable seasons *Life in ancient Egypt and Assyria.
