Postmodern Fiction and the Break-Up of Britain

Hywel Dix, 2010-05-04 A monograph analysing the symbolic role played by contemporary fiction in the break up of political and cultural consensus in British public life.

[The Illuminated World Chronicle](#) Nina Rowe, 2020-11-24 A look into an enchanting underexplored genre of illustrated manuscripts that reveals new insights into urban life in the Middle Ages. In this innovative study Nina Rowe examines a curious genre of illustrated book that gained popularity among the newly emergent middle class of late medieval cities. These illuminated World Chronicles produced in the Bavarian and Austrian regions from around 1330 to 1430 were the popular histories of their day telling tales from the Bible, ancient mythology and the lives of emperors in animated vernacular verse enhanced by dynamic images. Rowe's appraisal of these understudied books presents a rich world of storytelling modes offering unprecedented insight into the non-noble social strata in a transformative epoch. Through a multidisciplinary approach, Rowe also shows how illuminated World Chronicles challenge the commonly held view of the Middle Ages as socially stagnant and homogeneously pious. Beautifully illustrated and backed by abundant and accessible analyses of social, economic and political conditions, this book highlights the engaging character of secular literature during the late medieval era and the relationship of illustrated books to a socially diverse and vibrant urban sphere.

Stowaway, and Other Stories for Boys

Wilhelmina Harper, 1928 [The Novel and the Menagerie](#) Kurt Koenigsberger, 2007 The first comprehensive account of the relation of collections of imperial beasts to narrative practices in England. *The Novel and the Menagerie* explores an array of imaginative responses to the empire as a dominant shaping factor in English daily life. Kurt Koenigsberger argues that domestic English novels and collections of zoological exotica, especially zoos, circuses, traveling menageries and colonial and imperial exhibitions share important aesthetic strategies and cultural logics. Novels about English daily life and displays featuring collections of exotic animals both strive to relate Englishness to a larger empire conceived as an integrated whole. Koenigsberger's investigations range from readings of novels by authors such as Charles Dickens, Virginia Woolf, Salman Rushdie and Angela Carter to analyses of ballads, handbills, broadsides and memoirs of

showmen Attending closely to the collective English practices of imagining and delineating the empire as a whole The Novel and the Menagerie works at the juncture of literary criticism colonial discourse studies and cultural analysis to historicize the notion of totality in the theory and practice of the English novel In exploring the shapes of the novel in England and of the English institutions that collected exotic animals it offers fresh readings of familiar literary texts and opens up new ways of understanding the character of imperial Englishness across the nineteenth and twentieth centuries
