The Battle of the Five Spot David Lee,2006 The Battle of the Five Spot is an engaging look at a milestone of jazz history. When the Texas born saxophonist Ornette Coleman brought his quartet to New York's Five Spot Caf in 1959, the music spurred a stormy controversy and a struggle between old and new styles that has never wholly subsided. David Lee explores the debate around Coleman's innovation in terms of its relationships to social change and issues of power within arts communities, referring to such disparate sources as Norman Mailer, a Five Spot regular, composer Leonard Bernstein, and French sociologist Pierre Bourdieu. You may never listen to jazz the same way again. **Riffs & Choruses** Andrew Clark,2001 Riffs Choruses is an anthology of writings about jazz offering a comprehensive view of the subject and containing edited pieces on the origins, history, culture, and style of jazz, and also on myth, race, and related areas of language, literature, and film. The collection provides a more extensive range and topic focus than any other similar anthology, complements histories of jazz, and provides readings for students of music, jazz, and American and popular culture. It will also appeal to the general reader who simply wants to learn more about the nature and world of jazz music.
