Missing People Seth Balfour, 2016-04-18 The Chilling True Stories Of Strange And Unusual Disappearances Unexplained Missing People And Missing Persons Cases Most of us just skip over the info about missing person cases on the news because our reality doesn't involve losing anyone we like or love But for those people whose day starts and ends with a prayer of safe homecoming the reality is cruel sad and dark Not that your reality will be affected if you listen to the missing persons updates but in an era when no child is left behind it's shameful to leave behind someone who somebody cares about Most missing people cases usually end up as murders A large number of them are just people who are trying to escape their life and forge a new identity But the most interesting cases are those with few clues and evidence to never be completely solved the cases remain as mysteries forever One thing's for sure even though they say that the truth always wins missing people cases can prove that with enough planning money and power you can make anybody disappear and get away with it

The Disappearance Syndicate and Senator Stanley's Story Theron Clark Crawford, 1894 Missing Andrew J Clark, 2019-07-22 Cases of missing people that defy explanation Some missing person cases are more bizarre and mysterious than others This book reports such cases We often tend to think that we can easily find the explanation to everything around us yet there are so many situations where this is not possible People themselves continue to disappear seemingly without a trace even with all of the technological and scientific advancement that humanity has had People disappear every single day but there are a few cases that simply defy explanation There are those who have walked into forests and never come out There are people who have disappeared from secure compounds with no explanation and even individuals who seem to have vanished into thin air right in front of security cameras As much as we would like to find some mundane explanation for these cases a persistent percentage of disappearances remain completely mysterious in every sense of the word Here in this book we have brought together some of the most mind boggling of these strange instances of abrupt vanishing on record including The Ill Fated Alien Abductee Anjikuni the Vanishing Village Abducted by Bigfoot The Fierce Legend of Ambrose Bierce What Happened to Gerry Irwin The Mysterious Disappearance of a Manic Street Preacher The Troubling Case of Brandon Lawson And many more Scroll back up and order your copy today
