turns to personal tragedy for the normally intrepid Fremont Jones in the latest of Dianne Day's acclaimed series of historical mysteries. Still not completely recovered from the two broken legs she suffered in her previous adventure, Fremont Jones learns that her father Leonard Pembroke Jones is gravely ill and hospitalized in Boston. Deeply distressed and always suspicious of her detested stepmother Augusta, Fremont sets out at once with her life partner Michael Archer to be at her father's side. Their arrival finds Leonard slightly improved, and despite his physician's doubts about the possibility of a full recovery, he is sent home much to Fremont's dismay, only to die shortly thereafter in the middle of the night. Could Augusta be complicit in his illness? Fremont is certain of it and she immediately begins to search the house for possible poisons. But then Augusta herself is shot to death, which would seem to exonerate her from blame or does it? Determined to uncover the truth, Michael and Fremont embark on their own private investigation and soon discover potential suspects in some of the least likely places. Rich in the same period atmosphere for which Dianne Day's previous books have been so highly praised, *Beacon Street Mourning* also adds fascinating new dimensions to the character of Fremont Jones. Thrust back into the world of her childhood, the proper Bostonian world from which she fled just a few short years ago, Fremont is forced to face previously unacknowledged feelings and hidden fears. And at the same time, she must use her hard-won skills as an objective investigator to solve the most personal case of her career. In her most intensely charged novel to date, Day proves once more that she is not only an extremely skilled weaver of intricate puzzles but also an expert in plumbing the depths of human emotion.

Beacon Street Mourning Dianne Day, 2007-12-18 Five years ago Caroline Fremont Jones fled the proper world of her native Boston for the independent life of a California private detective. But now in the winter of 1909, she is grief-stricken to learn of her father's grave illness. Still hampered by half-healed injuries from her last adventure but buoyed by her ever-deepening affection for her partner in love and work, Michael Kossoff, Fremont leaves sunny San Francisco for the ice-edged air and handsome mansions of Beacon Street. Her visit has scarcely begun when her father, suffering from a malady not even his doctor can diagnose, takes a turn for the better, only to die suddenly in the middle of the night. Fremont is certain her odious stepmother Augusta somehow caused her father's death. But how? And did she have an accomplice? Michael questions Fremont's suspicions until an exotic piece of evidence and a second violent death trigger an investigation that draws upon childhood memories and fears to become Fremont's most personal one yet. **Book Review Digest**, 1998 Library Journal Melvil Dewey, Richard Rogers Bowker, L.
