STRANGE BIRDS *in the* TREE of HEAVEN

"A powerful, memorable, and surprising love story. Vivid and sensuous and deeply moving. Not since the late William Goyen has any novelist that I know of made such wonderful, haunting music out of our speech and our deepest hopes and dreams."  
—GEORGE GARRETT

"McElmurray has a singular gift—she takes the black-and-white hardcrabble world of eastern Kentucky and transmutes it into something shimmering and beautiful through the prism of magic realism, telling the truth and more than the truth. A work of stunning originality."  
—LEE SMITH

**Return of the Crazy Bird** Clara Pinto-Correia,2006-04-18 Using the history of the concept of extinction with the dodo as a case study Pinto Correia carefully weaves together story fragments to give a cohesive eye opening view of 17th century exploration and the grave ramifications it had for the survival and extinction of many species More importantly she shows us the intellectual underpinnings of the old view that it was acceptable for some animals to die out Within this narrative we can see what the modern view of the dodo tells us about the history of our changing understanding and valuation of nature and our place in it Strong writing powered by lively historical anecdotes and sober insights into human behavior makes this beautifully illustrated book a page turner to the end *Now and Then* ,2001
