### **C. Vann Woodward**

James C. Cobb,2022-09-01 With an epic career that spanned two thirds of the twentieth century C Vann Woodward 1908 1999 was a historian of singular importance A brilliant writer his work captivated both academic and public audiences He also figured prominently in the major intellectual conflicts between left and right during the last half of the twentieth century although his unwavering commitment to free speech and racial integration that affirmed his liberalism in the 1950s struck some as emblematic of his growing conservatism by the 1990s Woodward s vision still permeates our understandings of the American South and of the history of race relations in the United States Indeed as this fresh and revealing biography shows he displayed a rare genius and enthusiasm for crafting lessons from the past that seemed directly applicable to the concerns of the present a practice that more than once cast doubt on his scholarship James C Cobb offers many original insights into Woodward s early years and private life his long career and his almost mythic public persona In a time where the study and substance of American history are profoundly contested Woodward s career is replete with lessons in how myths about the past some created by historians themselves come to be enshrined as historical truth

### **Away Down South** James C.

Cobb,2005-10-01 From the seventeenth century Cavaliers and Uncle Tom s Cabin to Civil Rights museums and today s conflicts over the Confederate flag here is a brilliant portrait of southern identity served in an engaging blend of history literature and popular culture In this insightful book written with dry wit and sharp insight James C Cobb explains how the South first came to be seen and then came to see itself as a region apart from the rest of America As Cobb demonstrates the legend of the aristocratic Cavalier origins of southern planter society was nurtured by both northern and southern writers only to be challenged by abolitionist critics black and white After the Civil War defeated and embittered southern whites incorporated the Cavalier myth into the cult of the Lost Cause which supplied the emotional energy for their determined crusade to rejoin the Union on their own terms After World War I white writers like Ellen Glasgow William Faulkner and

other key figures of Southern Renaissance as well as their African American counterparts in the Harlem Renaissance Cobb is the first to show the strong links between the two movements challenged the New South creed by asking how the grandiose vision of the South's past could be reconciled with the dismal reality of its present The Southern self image underwent another sea change in the wake of the Civil Rights movement when the end of white supremacy shook the old definition of the Southern way of life but at the same time African Americans began to examine their southern roots more openly and embrace their regional as well as racial identity As the millennium turned the South confronted a new identity crisis brought on by global homogenization if Southern culture is everywhere has the New South become the No South Here then is a major work by one of America's finest Southern historians a magisterial synthesis that combines rich scholarship with provocative new insights into what the South means to southerners and to America as well *Nursing History Review, Volume 29*

Arlene W. Keeling, PhD, RN, FAAN, 2021-01-15 *Nursing History Review* an annual peer reviewed publication of the American Association for the History of Nursing is a showcase for the most significant current research on nursing history Regular sections include scholarly articles as well as reviews of the latest media publications on nursing and healthcare history Historians researchers and individuals fascinated with the rich field of nursing will find *Nursing History Review* an important resource The 29th volume of the review features a new section *Hidden in Plain Sight* dedicated to highlighting nurses from underrepresented groups Included in Volume 29 Rethinking the Tulsa Race Riot The Nurses of Ellis Island Caring for the Huddled Masses Different Stories Similar Results Urban and Rural Nursing in the First Half of the Twentieth Century The Nursing of the All Saints Sisters Those of Little Note Enslaved Plantation Sick Nurses *Bitter Harvest* John

Hayman, 2016-11-01 *Bitter Harvest* traces the development of Richmond Flowers a color politician who began his career as a segregationist but who as Attorney General of Alabama fought bitterly against Governor George Wallace in trying to support the Constitution In the process he sacrificed his political career Flowers was elected Attorney General in 1962 A likable storyteller who had served in the state senate Flowers came into office promising like the rest to send the Yankees a message He did not seem the stuff of which heroes or martyrs are made But faced with the choice of upholding the law or of taking the popular course he chose to uphold the law Events thereafter made him a central figure in the most violent years of the civil rights revolution The book sets this story against the background of the Southern war against civil rights a savage contest motivated by hatred and fear It advances the thesis that during this period Alabama suffered a fundamental failure in leadership which determined the state's response to the demand for social change Alabama's leaders encouraged lawlessness with their statements and actions They took the state down a self destructive course which has had lasting and damaging consequences **The Myth of the Lost Cause, 1865-1900** Rollin Gustav Osterweis, 1973 *The Strange Career of Jim Crow. Second Revised Edition* Comer Vann Woodward, 1966 **Paperbound Book Guide for Colleges**, 1974 *Black Manhood on the Silent Screen* Gerald R. of African Americans were as predictable as they were prevalent Watermelon eating chicken thievery savages with uncontrollable appetites Sambo and Zip Coon were all representations associated with African American people Most of these caricatures were rendered by whites in blackface Few people realize that from 1915 through 1929 a number of African American film directors worked diligently to counter such racist definitions of black manhood found in films like D W Griffith's *The Birth of a Nation* the 1915 epic that glorified the Ku Klux Klan In the wake of the film's phenomenal success African American filmmakers sought to defend and redefine black manhood through motion pictures Gerald Butters's comprehensive study of the African American cinematic vision in silent film concentrates on works largely ignored by most contemporary film scholars African American produced and directed films and white independent productions of all black features Using these race movies to explore the construction of masculine identity and the use of race in popular culture he separates cinematic myth from historical reality the myth of the Euro American controlled cinematic portrayal of black men versus the actual black male experience Through intense archival research Butters reconstructs many lost films expanding the discussion of race and representation beyond the debate about good and bad imagery to explore the construction of masculine identity and the use of race as device in the context of Western popular culture He particularly examines the filmmaking of Oscar Micheaux the most prolific and controversial of all African American silent film directors and creator of the recently rediscovered *Within Our Gates* the legendary film that exposed a virtual litany of white abuses toward blacks Black Manhood on the Silent Screen is unique in that it takes contemporary and original film theory applies it to the distinctive body of African American independent films in the silent era and relates the meaning of these films to larger political social and intellectual events in American society By showing how both white and black men have defined their own sense of manhood through cinema it examines the intersection of race and gender in the movies and offers a deft interweaving of film theory American history and film history      *Illinois Quarterly*, 1977      **Education in the United States** Gerald Lee Gutek, 1986      **Louisiana Politics and the Paradoxes of Reaction and Reform 1877-1928** Matthew J.
