Angling Days Robert DeMott,2016-06-28 From the very first it seems fishing was a respite and a therapy along with all of its other potentially redemptive qualities Robert DeMott Spanning more than forty five years Angling Days is a collection of Robert DeMott s numerous journal entries each a

small essay in itself jotted down during the placid moments of fishing in and along the streams and rivers of North America Through his journaling DeMott carries on the angling tradition of channeling the tranquility of fly fishing into creative

endeavors whether by painting sketching fly tying or writing For him it was writing something he did whenever he could whether in the midst of fishing or during a break away from the water Angling Days is a lifetime of work a chronicle of what it is to be an angler seeking the most pristine waters and the smartest fish It is a collection of entries and musings in the vein

of DeMott s literary hero Henry David Thoreau and promises to shine a new light on the art and joy of fly fishing
