Stranger In Her Native Land:

A Stranger in Her Native Land Joan T. Mark, 1988-01-01 Recreates the life of the nineteenth century American anthropologist focusing on her efforts to improve the conditions under which the American Indians existed **White**

Women's Rights Louise Michele Newman, 1999-02-04 This study reinterprets a crucial period 1870s 1920s in the history of women's rights focusing attention on a core contradiction at the heart of early feminist theory. At a time when white elites were concerned with imperialist projects and civilizing missions progressive white women developed an explicit racial ideology to promote their cause defending patriarchy for primitives while calling for its elimination among the civilized. By exploring how progressive white women at the turn of the century laid the intellectual groundwork for the feminist social movements that followed Louise Michele Newman speaks directly to contemporary debates about the effect of race on current feminist scholarship. **White Women's Rights** is an important book. It is a fascinating and informative account of the numerous and complex ties which bound feminist thought to the practices and ideas which shaped and gave meaning to America as a racialized society. A compelling read it moves very gracefully between the general history of the feminist movement and the particular histories of individual women Hazel Carby Yale University

The Trouble with White

Women Kyla Schuller, 2021-10-05 An incisive history of self serving white feminists and the inspiring women who've continually defied them. Women including Elizabeth Cady Stanton Margaret Sanger and Sheryl Sandberg are commonly celebrated as leaders of feminism. Yet they have fought for the few not the many. As award winning scholar Kyla Schuller argues their white feminist politics dispossess the most marginalized to liberate themselves. In **The Trouble with White Women** Schuller brings to life the two hundred year counter history of Black Indigenous Latina poor queer and trans women pushing back against white feminists and uniting to dismantle systemic injustice. These feminist heroes such as Frances Harper Harriet Jacobs and Pauli Murray have created an anti racist feminism for all. But we don't speak their names and we don't know their legacies. Unaware of these intersectional leaders feminists have been led down the same dead end alleys generation after generation often working within the structures of racism capitalism homophobia and transphobia rather than against them. Building a more just feminist politics for today requires a reawakening a return to the movement's genuine vanguards and visionaries. Their compelling stories campaigns and conflicts reveal the true potential of feminist liberation. An Entropy Magazine Best Nonfiction Book of 2020 2021 **The Trouble with White Women** gives feminists today the tools to fight for the flourishing of all

In the Shadow of Quetzalcoatl Merilee Grindle, 2023-11-07 The first biography of Zelia Nuttall 1857 1933 a pioneering Mexican American anthropologist whose work on Aztec cosmology and mastery of ancient codices helped shape our understanding of pre Columbian Mexico. Grindle captures the appeal and contradictions of this trailblazing woman who brought a new rigor to the study of ancient civilizations

Betraying the Omaha Nation, 1790-1916 Judith A. Bougher, 1998 Traces the history of the Omaha Indians from 1790 through the years under Chief Black Bird to their

confinement to a reservation in the 1850s and the loss of most of their land in 1916 *Gender and American Social Science* Helene Silverberg,2021-03-09 This collection of essays provides the first systematic and multidisciplinary analysis of the role of gender in the formation and dissemination of the American social sciences in the late nineteenth and early twentieth centuries Other books have traced the history of academic social science without paying attention to gender or have described women's social activism while ignoring its relation to the production of new social knowledge In contrast this volume draws long overdue attention to the ways in which changing gender relations shaped the development and organization of the new social knowledge And it challenges the privileged position that academic and mostly male social science has been granted in traditional histories by showing how women produced and popularized new forms of social knowledge in such places as settlement houses and the Russell Sage Foundation The book's varied perspectives building on recent work in history and feminist theory break from the traditional view of the social sciences as objective bodies of expert knowledge Contributors examine new forms of social knowledge rather as discourses about gender relations and as methods of cultural critique The book will create a new framework for understanding the development of both social science and the history of gender relations in the United States The contributors are Guy Alchon Nancy Berlage Desley Deacon Mary Dietz James Farr Nancy Folbre Kathryn Kish Sklar Dorothy Ross Helene Silverberg and Kamala Visweswaran **The Pilgrim of Our Lady of Martyrs** ,1890 **The Decameron of Giovanni Boccaccio. ed. 2 vols.
